Dear Mr. Varn:

RE: PERMIT NUMBER: AC 53-23546

Pursuant to Specific Conditions, Number 9 of the above referenced Construction Permit, New Wales Chemicals, Inc. is hereby filing its semiannual progress report.

Effective as of January 9, 1981, the design work for the diammonium phosphate plant is now 95% complete. Procurement of the requisite materials for construction has been 70% completed and field erection of the plant itself is now 17% complete.

No significant delays in construction are apparent as of this date, and all conditions of the permit are expected to be met within the allotted time frame.

Very truly yours,
