STATE OF FLORIDA DEPARTMENT
OF ENVIRONMENTAL REGULATION
NOTICE OF INTENT

TO ISSUE PERMIT AMENDMENT
The Department of Environmental Protection (Department) gives notice of its intent to issue a permit amendment to Florida Power and Light Company (FPL), Post Office Box 088901, North Palm Beach, Florida 33408-8901 to incorporate Organizational Rules of Operation (OROP) Fueling Compliance Testing for Combustion Turbines into its PSD permit applicable to the FPL Lauderdale Power Plant located on Griffin Road, Dania, Broward County. The Department requires that periodic air compliance testing of combustion turbines be conducted at 95-100 percent of maximum heat input capacity. The amendment recognizes that the capacity varies with conditions, such as ambient temperature on the test date, which are beyond the control of operators. It allows FPL to employ manufacturer's equipment characteristics to insure the Department's test requirements are satisfied and that results are applicable over the full operating temperature range. The Department has determined that there will be no significant increases in emissions as a result of the amendment.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, within 14 days of publication of this notice. Petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under Section 120.57, Florida Statutes.

The Petition shall contain the following information: (a) The name, address, and telephone number of each petitioner; (b) The applicant's name and address; (c) The Department Permit File Number and the county in which the project is proposed; (d) A statement of how and when each petitioner received notice of the Department's action or proposed action; (e) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (f) A statement of the material facts disputed by Petitioner, if any; (g) A statement of facts which petitioner contends warrant reversal or modification of the Department's action or proposed action; (h) A statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; and (i) A statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the Department's action or proposed action.

If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this Notice. Persons whose substantial interests will be affected by any decision of the Department with regard to the application have the right to petition to become a party to the proceeding. The petition must conform to the requirements specified above and be filed (received) within 14 days of publication of this notice in the Office of General Counsel at the above address of the Department. Failure to petition within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, F.S. and to participate as a party to this proceeding. Any subsequent intervention will only be at the approval of the presiding officer upon motion filed pursuant to Rule 28.5-207, F.A.C.

The application file is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

Department of Environmental Protection
Bureau of Air Regulation

Ft. Lauderdale, FL 33301

Any person may send written comments on the proposed action to Administrator, New Source Review Section, at the Department of Environmental Protection, Division of Air Resources Management, 2600 Blair Stone Road - Mail Station 5505, Tallahassee, Florida 32399-2400. All comments received within 30 days of the publication of this notice will be considered in the Department's Final Determination.
