Final Permit No. 0110037-007-AV  
Title V Air Operation Permit Revision  
CAIR Part

### PROJECT DESCRIPTION

On May 28, 2008, the applicant submitted a CAIR Part Form in order to incorporate the Clean Air Interstate Rule provisions into the Title V air operation permit. On June 27, 2008, the applicant requested the CAIR Part application to be processed with the Title V air operation permit renewal, Title V Permit No. 0110037-005-AV. However, on July 11, 2008, the D.C. Circuit Court issued a remand & vacatur order of the CAIR regulations. Due to the vacatur status, the CAIR Part was not included in the Title V air operation permit renewal. Placeholder permit language was included in the permit in facility-wide condition **FW10**.

On December 23, 2008 the D.C. Circuit Court issued a remand without vacatur order of the CAIR regulations. The processing of the revision request to incorporate the Clean Air Interstate Rule provisions into the Title V air operation permit is hereby resumed.

### FACILITY DESCRIPTION

This existing facility consists primarily of two combined-cycle generating units (Unit 4 and Unit 5), two banks of twelve simple-cycle gas turbine units, and eight fuel storage tanks.

### PROCESSING SCHEDULE AND RELATED DOCUMENTS

Application for a Title V Air Operation Permit Revision received on May 28, 2008.  
Draft/Proposed Permit posted on web site on January 15, 2009.  
Public Notice published on January 29, 2009.

### PROJECT REVIEW

#### Permit

- Facility-wide condition **FW10** is outdated and is hereby deleted from Permit No. 0110037-005-AV.  
~~**FW10. Clean Air Interstate Rule (CAIR) Applicable Units.** This facility contains emissions units that are subject to CAIR. On July 11, 2008, the U.S. Court of Appeals for the District of Columbia recommended vacature of the Clean Air Interstate Rule. Because of this decision, the applicable CAIR requirements that were identified in the renewal application are not being included in the permit at this time. If, and at such time that, CAIR is ultimately upheld, you must begin complying with the CAIR program requirements contained in the renewal application and the Title V air operation permit must be revised accordingly. [Rules 62-213.440 and 62-296.470, F.A.C.]~~
- The Section V. Appendices in the Title V air operation permit No. 0110037-005-AV is moved to Section VI. to accommodate the insertion of the CAIR provisions. The CAIR Part is inserted into Section V.
- The CAIR Part Form is now a part of this permit and has been incorporated as Section V., CAIR Part Form. This section identifies the units that must comply with the standard requirements and special provisions set forth in the CAIR Part Form.

### CONCLUSION

This project revises Title V air operation permit No. 0110037-005-AV, which was effective January 1, 2009. This Title V air operation permit revision is issued under the provisions of Chapter 403, Florida Statutes (F.S.), and Chapters 62-4, 62-210 and 62-213, Florida Administrative Code (F.A.C.). In accordance with the terms and conditions of this permit, the above named permittee is hereby authorized to operate the facility as shown on the application and approved drawings, plans, and other documents, on file with the permitting authority.
