STATEMENT (Check only one of the following three options)

- A.** No reportable incidents of deviations from permit-required monitoring systems occurred during the reporting period identified above.
- B.** One or more reportable incidents of deviations from applicable requirements associated with permit-monitoring systems occurred during the reporting period identified above, which were reported to the Department. For each incident of deviation, the following information is included:
1. Date of report previously submitted identifying the incident of deviation.
 2. Description of the incident.
- C.** This facility was in compliance with all permit-required monitoring-related terms and conditions of the Title V Air Operation Permit EXCEPT those identified in the pages attached to this report and any reportable incidents of deviations from applicable requirements associated with monitoring systems during the reporting period identified above, which were reported to the Department. For each item of noncompliance, the following information is included:
1. Emissions unit identification number.
 2. Specific permit condition number (note whether the permit condition has been added, deleted, or changed during certification period).
 3. Description of the requirement of the permit condition.
 4. Basis for the determination of noncompliance (for monitored parameters, indicate whether monitoring was continuous, i.e., recorded at least every 15 minutes, or intermittent).
 5. Beginning and ending dates of periods of noncompliance.
 6. Identification of the probable cause of noncompliance and description of corrective action or preventative measures implemented.
 7. Dates of any reports previously submitted identifying this incident of noncompliance.

For each incident of deviation, as described in paragraph B. above, the following information is included:

1. Date of report previously submitted identifying the incident of deviation.
2. Description of the incident.
