Title V Permit Modification Proof of Publication

Dear Mr. Sheplak:

Please find enclosed the Fort Lauderdale Sun Sentinel Proof of Publication for Wheelabrator North Broward's recently revised Title V permit. The one-day submittal delay was due to the fact that the Proof of Publication was not received by this facility until July 31, 2002.

If there are any questions, or if further information is required please contact Chuck Faller at (954) 971-8701.

Sincerely,

Paul Grego

BUREAU OF AIR REGULATION

PUBLIC NOTICE

OF INTENT TO ISSUE TITLE V AIR OPERATION PERMIT
REVISION Department of Environmental Protection Ti-
tle V Air Operation Permit Revision DRAFT Permit No.:
0112120-005-AV Wheelabrator North Broward Bro-
ward County
The Department of Environmental Protection (permit-
ting authority) gives notice of its intent to issue a Title
V Air Operation Permit Revision to Wheelabrator
North Broward, Inc. for Wheelabrator North Broward
located at 2600 North West 48th Street, Pompano
Beach, Broward County. The applicant's name and ad-
dress are: Wheelabrator North Broward, Inc., 2600
North West 48th Street, Pompano Beach 33073.
Wheelabrator North Broward, Inc. requests that a re-
vision to 40 CER 60 Subpart Cb and Eb allowing 15
hours of excess carbon monoxide emissions for spec-
ified malfunctions be incorporated into the Title V
permit. In addition, they request that the obsolete
specific conditions which address plant operation
prior to the implementation of 40 CFR 60 Subpart Eb
and Eb be deleted.
The permitting authority will issue the PROPOSED
Permit, and subsequent FINAL Permit, in accordance
with the conditions of the DRAFT Permit unless a re-
sponse received in accordance with the following
procedures results in a different decision or signifi-
cant change of terms or conditions.
The permitting authority will accept written com-
ments concerning the proposed DRAFT Permit issu-
ance action for a period of 30 (thirty) days from the
date of publication of this Notice. Written comments
should be provided to the Department's Bureau of Air
Regulation, 2600 Blair Stone Road, Mail Station
#5505, Tallahassee, Florida 32399-2400. Any written
comments filed shall be made available for public in-
spection. If written comments received result in a sig-
nificant change in this DRAFT Permit, the permitting
authority shall issue a Revised DRAFT Permit and re-
quire, if applicable, another Public Notice.
A person whose substantial interests are affected by
the proposed permitting decision may petition for an
administrative hearing in accordance with Sections
120.569 and 120.57, Florida Statutes (F.S.). The peti-
tion must contain the information set forth below and
must be filed (received) in the Office of General Coun-
sel of the Department of Environmental Protection,
3900 Commonwealth Boulevard, Mail Station #35,
Tallahassee, Florida 32399-3000 (Telephone: 850/
488-9730; Fax: 850/487-4938). Petitions filed by any
persons other than those entitled to written notice
under Section 120.60(3), F.S., must be filed within
fourteen days of publication of the public notice or
within fourteen days of receipt of the notice of intent,
whichever occurs first. Under Section 120.60(3), F.S.,
however, any person who asked the permitting au-
thority for notice of agency action may file a petition
within fourteen days of receipt of that notice, regard-
less of the date of publication. A petitioner shall mail
a copy of the petition to the applicant at the address
indicated above, at the time of filing. The failure of
any person to file a petition within the applicable time
period shall constitute a waiver of that person's right
to request an administrative determination (hearing)
under Sections 120.569 and 120.57, F.S., or to inter-
vene in this proceeding and participate as a party to it.
Any subsequent intervention will be only at the ap-
proval of the presiding officer upon the filing of a mo-
tion in compliance with Rule 28-106.205, Florida Ad-
ministrative Code (F.A.C.).
A petition that disputes the material facts on which
the permitting authority's action is based must con-
tain the following information: (a) The name and ad-
dress of each agency affected and each agency's file
or identification number, if known; (b) The name, ad-
dress and telephone number of the petitioner; name
address and telephone number of the petitioner's
representative, if any, which shall be the address for
service purposes during the course of the proceeding;
and an explanation of how petitioner's substantial
rights will be affected by the (c) A statement of how
and when the petitioner received notice of the agency
action or proposed action; (d) A statement of all dis-
puted issues of material fact. If there are none, the
petition must so state; (e) A concise statement of the
ultimate facts alleged, as well as the rules and, sta-
tutes which entitle petitioner to relief; (f) A statement
of the specific rules or statutes the petitioner con-
tends require reversal or modification of the agency's
proposed action; and, (g) A statement of the relief
sought by the petitioner, stating precisely the action
petitioner wishes the agency to take with respect to
the agency's proposed action.
A petition that does not dispute the material facts
upon which the permitting authority's action is based
shall state that no such facts are in dispute and oth-
erwise shall contain the same information as set forth
above, as required by Rule 28-106.301, F.A.C.
Because the administrative hearing process is de-
signed to formulate final agency action, the filing of a
petition means that the permitting authority's final ac-
tion may be different from the position taken by it in
this notice of intent. Persons whose substantial inter-
ests will be affected by any such final decision of the
permitting authority on the application have the right
to petition to become a party to the proceeding, in ac-
cordance with the requirements set forth above.
Mediation is not available for this proceeding.

In addition to the above, pursuant to 42 United States Code (U.S.C.) Section 7661d(b)(2), any person may petition the Administrator of the EPA within 60 (sixty) days of the expiration of the Administrator's 45 (forty-five) day review period as established at 42 U.S.C. Section 7661d(b)(1), to object to issuance of any permit revision. Any petition shall be based only on objections to the permit revision that were raised with reasonable specificity during the 30 (thirty) day public comment period provided in this notice, unless the petitioner demonstrates to the Administrator of the EPA that it was impracticable to raise such objections within the comment period or unless the grounds for such objection arose after the comment period. Filing of a petition with the Administrator of the EPA does not stay the effective date of any permit properly issued pursuant to the provisions of Chapter 62-213, F.A.C. Petitions filed with the Administrator of EPA must meet the requirements of 42 U.S.C. Section 7661d(b)(2) and must be filed with the Administrator of the EPA at: U.S. SPA, 401 M Street, SW., Washington, D.C. 20460.

A complete project file is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

Re: DEP File No. **0112120-003-AC** (PSD-FL-112C)
Minor Modification to Permit No. PSD-FL-112B, and
Title V Permit Revision **0112120-006-AV**
Wheelabrator North Broward

Dear Mr. Grego:

Thank you for your letter received June 26, 2002, written in response to our letter dated June 5, 2002, concerning certain incompleteness items needed to process your request for a minor modification to the referenced facility PSD permit for the construction of a wet scrubber at the ash handling building. We note that the attachment to your letter also includes an application for a Title V permit revision for the facility to add this new emissions unit.

However, we must deem your application still *incomplete*, because we need engineering justification details for the claim that the PM emission rate from the wet scrubber outlet for the ash handling building is 0.03 grains per dry standard cubic foot (noted on page one of the application package).

When we receive this information, we will continue processing your application request (i.e., the joint PSD permit minor modification and the Title V revision). If you have any questions, please contact Tom Cascio at 850-921-9526.

Sincerely,

Scott M. Sheplak, P.E.
