vs.

OGC CASE NO. 97-1777

STATE OF FLORIDA DEPARTMENT
OF ENVIRONMENTAL PROTECTION,

Respondent.

ORDER GRANTING REQUEST FOR EXTENSION
OF TIME TO FILE PETITION FOR HEARING

This cause has come before the Florida Department of Environmental Protection (Department) on receipt of a request made by Petitioner, Florida Power Corporation (Crystal River Plant), to grant an extension of time to file a petition for an administrative hearing on Application No. 0170004-004-AV. See Exhibit 1.

Respondent, State of Florida Department of Environmental Protection, has no objection to it. Therefore,

IT IS ORDERED:

The request for an extension of time to file a petition for administrative proceeding is granted. Petitioner shall have until August 2, 1999, to file a petition in this matter. Filing shall be complete on receipt by the Office of General Counsel, Mail Station 35, Department of Environmental Protection, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000.

DONE AND ORDERED on this 8th day of June, 1999, in
Tallahassee, Florida.

Dear Ms. Carter:

RE: Florida Power Corporation, Crystal River Plant
REQUEST FOR EXTENSION OF TIME on the *Intent to Issue Title V Air Operation Permit*,
REVISED Draft Permit No. 0170004-004-AV

On October 5, 1998, Florida Power Corporation (FPC) received the above-referenced Intent to Issue Title V Air Operation Permit (REVISED Draft Permit No. 0170004-004-AV) for the Crystal River Plant. The Department issued this Revised Draft based on progressing negotiations and the need to include additional applicable requirements pursuant to the Acid Rain program. A review of the permit conditions has revealed that several issues remain to be resolved. These issues may result in the issuance of another REVISED Draft permit. Accordingly, FPC requests an extension of time, pursuant to Florida Administrative Code Rule 62-110.106(4), to and including August 2, 1999, in which to file a Petition for Administrative Proceedings in the above-styled matter. Granting of this request will not prejudice either party, but will further both parties' mutual interest by hopefully avoiding the need to actually file a Petition for Administrative Proceeding in this matter. If the Department denies this request, FPC requests the opportunity to file a Petition for Administrative Proceeding within 10 days of such denial.

If you should have any questions, please contact Mr. Scott Osbourn of FPC at (727) 826-4258.

Sincerely,

W. Jeffrey Pardue, C.E.P.

2600 Blair Stone Rd.
Tallahassee, Florida 32399-2400

Dear Mr. Fancy:

Re: Petroleum Coke Permitting

As you know, a final construction permit authorizing a blend of coal and petroleum coke to be burned in Florida Power Corporation's (FPC) Crystal River Units 1 and 2 was issued by the DEP on January 11, 1999. FPC requests that the conditions authorizing use of the blended fuel be incorporated into the Title V permit for these units.

In addition, the DEP is currently reviewing FPC's submittal to allow use of "coal briquettes" in Crystal River Units 1, 2, 4, and 5. FPC understands that approval is forthcoming, pending receipt of a \$250 processing fee. Therefore, FPC also requests that the Title V permit also reflect this approval at the appropriate time.

Thank you for your consideration of these requests. Please contact Mike Kennedy at (727) 826-4334 if you have any questions.

Sincerely,

W. Jeffrey Pardue, C.E.P.

Re: Status of Title V Permits

As you know, several of Florida Power Corporation's (FPC) Title V permits remain in the *Initial Draft* or *Revised Draft* stages and progress is being made very slowly. This is no one's fault in particular; it's difficult to establish any momentum when the involved parties are processing so many permits and some of the issues (e.g., periodic monitoring) are moving targets. As you and Mr. Scott Osbourn recently discussed, it may be helpful if all involved parties at FPC and the Department were to meet at one time to discuss any remaining unresolved issues.

FPC proposes, with your concurrence, to arrange for a one- or two-day meeting between FPC and the Department to resolve issues associated with the following Title V permits that remain in either the *Initial Draft* or *Revised Draft* stage: Anclote, Bartow, Crystal River, Suwannee, Tiger Bay, Bayboro and the University of Florida. It would be desirable to have you, Scott Sheplak and the permit engineers responsible for these facilities in attendance. Mr. Scott Osbourn and I will represent FPC.

It is FPC's desire to advance these Title V permits to the *Final Permit* stage as expeditiously as possible. FPC has recently requested additional extensions of time on the above-mentioned permits until April 1, 1999 and would like to resolve these permits prior to that date. We will contact you in the next day or two to coordinate a meeting date. If you should have any questions in the meantime, please contact either Scott Osbourn at (727) 826-4258 or me at (727) 826-4334.

In the Matter of an
Application for Permit by:

OGC CASE NO.:
FDEP Revised Draft Permit No.: 0170004-004-AV

Florida Power Corporation
Crystal River Plant, Citrus County, Florida

REQUEST FOR EXTENSION OF TIME

By and through undersigned counsel, Florida Power Corporation (FPC) hereby requests, pursuant to Florida Administrative Code Rule 62-110.106(4), an enlargement of time, to and including December 1, 1998, in which to file a Petition for Administrative Proceedings in the above-styled matter. As good cause for granting this request, FPC states the following:

1. On or about October 9, 1997, FPC received from the Department of Environmental Protection (Department) an "Intent to Issue Title V Air Operation Permit" (Draft Permit No. 0170004-004-AV) for the FPC Crystal River located in Citrus County, Florida. FPC subsequently filed several extensions of time, until November 1, 1998, to preserve its right to file a Petition for Administrative Proceeding on this permit.

2. On or about October 5, 1998, FPC received from the Department an "Intent to Issue Title V Air Operation Permit" (**REVISED** Draft Permit No. 0170004-004-AV) for the FPC Crystal River Plant. The Department issued this Revised Draft based on progressing negotiations and the need to include additional applicable requirements pursuant to the Acid Rain program. FPC recently filed a Request for Extension of Time, until November 12, 1998.

3. The Department's cover letter to the Revised Draft permit states that the initial Draft Title V permit is withdrawn. In reliance on this representation, FPC hereby files this Request for

Extension of Time on the Revised Draft permit, and understands that no further extensions of time are needed to preserve its rights in relation to the initial Title V permit because it has been effectively withdrawn. Nonetheless, insofar as the initial Draft Title V permit may be determined to still be in effect, FPC respectfully requests that this Request for Extension of Time apply to both the initial and the Revised Draft Title V permits.

4. Based on FPC's review, the Revised Draft permit and associated documents contain several provisions that warrant clarification or correction.

5. This request is filed simply as a protective measure to avoid waiver of FPC's right to challenge certain conditions contained in the Revised Draft Title V permit. Grant of this request will not prejudice either party, but will further their mutual interest and hopefully avoid the need to file a petition and proceed to a formal administrative hearing.

WHEREFORE, FPC respectfully requests that the time for filing of a Petition for Administrative Proceedings in regard to the Department's Intent to Issue Title V Air Operation Permit for Revised Draft Permit No. 0170004-004-AV be formally extended to and including December 1, 1998.

Respectfully submitted this 9th day of November, 1998.

In the Matter of an
Application for Permit by:

OGC CASE NO.:
FDEP Revised Draft Permit No.: 1070004-004-AV

Florida Power Corporation
Crystal River Plant, Citrus County, Florida

REQUEST FOR EXTENSION OF TIME

By and through undersigned counsel, Florida Power Corporation (FPC) hereby requests, pursuant to Florida Administrative Code Rule 62-110.106(4), an enlargement of time, to and including November 12, 1998, in which to file a Petition for Administrative Proceedings in the above-styled matter. As good cause for granting this request, FPC states the following:

1. On or about October 9, 1997, FPC received from the Department of Environmental Protection (Department) an "Intent to Issue Title V Air Operation Permit" (Draft Permit No. 1070025-001-AV) for the FPC Crystal River located in Citrus County, Florida. FPC subsequently filed several extensions of time, until November 1, 1998, to preserve its right to file a Petition for Administrative Proceeding on this permit.

2. On or about October 5, 1998, FPC received from the Department an "Intent to Issue Title V Air Operation Permit" (**REVISED** Draft Permit No. 1070004-004-AV) for the FPC Crystal River Plant. The Department issued this Revised Draft based on progressing negotiations and the need to include additional applicable requirements pursuant to the Acid Rain program.

3. The Department's cover letter to the Revised permit states that the initial Draft Title V permit is withdrawn. In reliance on this representation, FPC hereby files this Request for Extension of Time on the Revised Draft permit, and understands that no further extensions of time

are needed to preserve its rights in relation to the initial Title V permit because it has been effectively withdrawn. Nonetheless, insofar as the initial Draft Title V permit may be determined to still be in effect, FPC respectfully requests that this Request for Extension of Time apply to both the initial and the Revised Draft Title V permits.

4. Based on FPC's review, the Revised Draft permit and associated documents contain several provisions that warrant clarification or correction.

5. This request is filed simply as a protective measure to avoid waiver of FPC's right to challenge certain conditions contained in the Revised Draft Title V permit. Grant of this request will not prejudice either party, but will further their mutual interest and hopefully avoid the need to file a petition and proceed to a formal administrative hearing.

WHEREFORE, FPC respectfully requests that the time for filing of a Petition for Administrative Proceedings in regard to the Department's Intent to Issue Title V Air Operation Permit for Revised Draft Permit No. 1070004-004-AV be formally extended to and including November 12, 1998.

Respectfully submitted this 19 day of October, 1998.
