Department of Environmental Regulation
Twin Towers Office Building
2600 Blair Stone Road
Tallahassee, FL 32301-8241

Dear Mr. Fancy:

Attached is a copy of the Affidavit of Publication concerning the FDER Notice of Proposed Agency Action on the Air Quality Permit Application for Collier County. This should satisfy the requirement of the Florida Administrative Code Rule 17-103.150 and your letter of January 10, 1986.

Sincerely,

Kenneth F. Pineau
Coordinator

Affidavit of Publication

State of Florida
County of Collier

Before the undersigned authority, personally appeared
Corbin Wyant, who on oath says that

he is the Publisher of the Naples Daily News,
a daily newspaper published by Collier County Publishing
Co., Inc., at Naples, Collier County, Florida, that the
attached copy of advertisement, being a

Notice of Proposed Agency Action

in the matter of Permit Application

in the _____ Court, was published in
said newspaper in the issues of
January 16, 1986

Affiant further says that the said Naples Daily News is a newspaper
published by Collier County Publishing Co., Inc., at Naples, in said
Collier County, Florida and that the said newspaper has heretofore
been continuously published in said Collier County, Florida, each day,
and has been entered as second class mail matter at the post office in
Naples, in said Collier County, Florida, for a period of one year next
preceding the first publication of the attached copy of advertisement;
and affiant further says that he has neither paid nor promised any
person, firm or corporation any discount, rebate, commission or
refund for the purpose of securing this advertisement for publication
in the said newspaper.

Sworn to and subscribed before me this 16th day
of January, A.D. 19 86

My Commission Expires Sept. 29, 1989

My Commission Expires _____

State of Florida
Department of Environmental Regulation
Notice of Proposed Agency Action
on Permit Application

The Department of Environmental Regulation gives notice of its
intent to issue permits to Collier County Board of County Commis-
sioners to construct two 425 ton per day incinerators that will
burn municipal solid waste, tires, and wood wastes. The project is
located at the existing Naples Sanitary Landfill site on State Road
84 near Golden Gate, Florida. A determination of best available
control technology (BACT) was required.

This application was reviewed under Florida Administrative
Code, Rule 17-2.500, Prevention of Significant Deterioration.
Emissions of all pollutants in 1986 per year will increase by the
following amounts:

PM	NO _x	CO	HC	SO ₂	FL	EL
80	200	150	150	200	0.4	10,000

The maximum percentages of allowable TSP increments con-
sumed by the proposed project will be as follows:

Class	Annual	24 Hour	1 Hour
Class I	100%	100%	100%

ADDENDUM NO. 8

September 4, 1985

COLLIER COUNTY, FLORIDA RESOURCE RECOVERY
WASTE-TO-ENERGY REQUEST FOR PROPOSAL
ENERGY SALES FOR EARLY START-UP

The question has arisen as to the revenue from electrical energy sales if the plant starts in '88 or in '89 rather than 1990 as assumed in the standard assumption RFP, Table II-1, page II-15.

The answer, unfortunately, is not simple. Selecting the start up date triggers a line up of increasing avoided capacity payments unique to the start up year. The earlier the start up, the lower the payment. For a two year earlier start up the capacity payments each year are in the order of 20% less. Thus for 1980 start up the capacity payment is \$7.50/kw mo. or \$1.47/kwh. Energy credit would be 4.4¢/kwh (an estimate, not a guarantee yet), total 5.87¢ kwh. The capacity payments, then in Table II-1 would be reduced on the order of 20%.

If we start in 1989, the figures are \$8.74/kw mo. and 5.06¢/kwh energy audit, total 6.77¢/kwh with the succeeding capacity credits reduced about 10%.

Use these figures for earlier than 1990 start up. If you do so, make clear what your energy resource assumptions are so we can compare all on a fair and equal basis.
