CERTIFIED MAIL - RETURN RECEIPT REQUESTED

Mr. James S. Jenkins III
Rinker Material Corporation
Post Office Box 650679
Miami, Florida 33265-0679

Dear Mr. Jenkins:

Re: Amendment to Permit No. AC 13-187599
Stone Dryer Modification

The Department is in receipt of Mr. Michael Vardeman's October 23, 1991, and February 20, 1992, letters requesting that the expiration date of the referenced construction permit be extended and that other changes be made to the specific conditions of that permit. A meeting on this request with members of your staff and the Department was held in Tallahassee on November 11, 1991. At that meeting, the Department was asked to extend the expiration date of the permit but to hold the other requests in the October 23 letter in abeyance. The November 11 request is acceptable and the expiration date of Permit No. AC 13-187599 is extended from March 30, 1992, to September 25, 1992.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 2600 Blair Stone Road, Tallahassee, Florida 32399-2400. Petitions filed by the permit applicant and the parties listed below must be filed within 14 days of receipt of this intent. Petitions filed by other persons must be filed within 14 days of publication of the public notice or within 14 days of their receipt of this intent, whichever first occurs. Petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under Section 120.57, Florida Statutes.

The Petition shall contain the following information:

- (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Department Permit File Number and the county in which the project is proposed;

Mr. James S. Jenkins

Page 2 of 2

- (b) A statement of how and when each petitioner received notice of the Department's action or proposed action;
- (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action;
- (d) A statement of the material facts disputed by Petitioner, if any;
- (e) A statement of facts which petitioner contends warrant reversal or modification of the Department's action or proposed action;
- (f) A statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; and
- (g) A statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the Department's action or proposed action.

If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this intent. Persons whose substantial interests will be affected by any decision of the Department with regard to the application have the right to petition to become a party to the proceeding. The petition must conform to the requirements specified above and be filed (received) within 14 days of receipt of this intent in the Office of General Counsel at the above address of the Department. Failure to petition within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, F.S., and to participate as a party to this proceeding. Any subsequent intervention will only be at the approval of the presiding officer upon motion filed pursuant to Rule 28-5.207, F.A.C.

A copy of this letter shall be attached to the referenced permit and shall become a part of that permit.

Sincerely,

Carol M. Browner
Secretary

Re: Stone Dryer Modification Permit No. AC13-187599

As per our discussion, this letter serves as a reminder to extend construction permit No. AC13-187599 until September 1992 as previously agreed.

Other changes to condition will be made at the time of issuance of the air permit. If there are any questions, please contact me.

Very Truly Yours,

Michael D. Vardeman
Manager,
Rinker Materials Substitution
