Hi,

Based on Al's explanation below; could we go ahead and close this case in OGC? Or would you need a withdrawal letter from the facility?

Reference is the letter accompanying the Title V operation Permit Renewal package (0250020-018-AV) dated December 6, 2006 that states:

The Department hereby withdraws the Intent to Issue and the DRAFT Title V Operation Permit Revision (DEP File No 0250020-013-AV) distributed on September 28, 2004.

Let us know how to proceed.

Thanks.

Vickie: Thanks for asking about the old Tarmac Title V Permit (013-AV) that was in limbo so to speak.

This one was rescinded. That means that we pulled our Intent to Issue because we acted on a different application (for a Title V Permit Renewal) that addressed everything that was in that draft permit.

Also they let the time expire for filing a petition so it is no longer in litigation (I think). So the application for that permit is back in our hands.

I believe they would need to pull their application for the draft permit (Intent for 013-AV) to completely close this out. Better than a denial I would think.

Teresa.

Do you know if they rescinded the application?

Please get with Patty and put together a close out plan.

This will need to include confirmation that the OGC case is also closed out.

Thanks.

Al.
