Dear Mr. Fancy:

I am in receipt of your July 20, 1993 letter regarding the application submitted to burn waste tires and contamination soils at the above facility. Tarmac has postponed this project and requests that the application be withdrawn. Tarmac appreciates the considerations the Department has shown with this project to date and will look forward to the possible re-submittal in the future. Should you need anything further please do not hesitate to call me at (800)330-3380 x4165.

Sincerely,

Scott Quaas
