Re: Title V Permit, Dade County Resources Recovery Facility

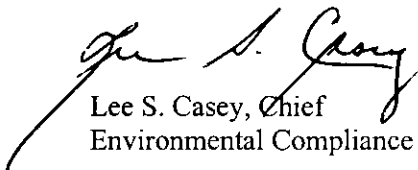

Dear Mr. Sheplak:

The Air Resources Department of the Florida Department of Environmental Protection (FDEP) recently issues a draft PSD permit for the Dade County Resources Facility. That permit (PSD-FL-006D which modifies PSD-FL-006A) has been publicly noticed and should become effective soon after the comment period ends on July 19, 2000, when the Department issues the final permit. As permitted, Dade County has submitted a few minor comments to the permit (to the attention of Mr. Alvaro Linero, dated June 20, 2000) which we requested to be incorporated in the final permit. Via this submittal, we request that FDEP accept PSD-FL-006D as a modification of the Title V permits application previously submitted by the County. In addition, we request that FDEP proceed with incorporating the PSD permit changes in the Title V permit which will soon be issued so that both documents will be consistent.

Anetha Lue from Montenay Power Corp. (the operating company for the facility) discussed this matter with Mr. Bruce Mitchell and you on July 7, 2000, and it was relayed to by MPC that FDEP is amenable to this modification method. It is also understood that FDEP will attempt to make the changes to the Title V permit prior to the issuance of the permit (in the upcoming weeks) provided that the PSD permit becomes final shortly after the July 19, 2000, comment period.

We thank the Department for its assistance with this matter and for clarifying this revision request. Please contact me at the number shown or Anetha Lue at (305) 854-2229, with questions on this matter.

Sincerely,

Lee S. Casey, Chief
Environmental Compliance Division

Re: DRAFT Title V Permit No.: 0250348-001-AV
Miami Dade County Resource Recovery Facility

Dear Mr. Casey:

On November 30, 1999, the department received a request for an extension of time to file comments on the subject permit.

The public notice was published on November 12, 1999. The public comment period ends December 12. The department has reviewed the request and hereby extends the public comment period an additional 45 days to January 26, 2000.

If you should have any further questions, please contact me at 850/921-9532.

Sincerely,

Scott M. Sheplak, P.E.

Re: Draft Title V Permit
Miami Dade County Resource Recovery Facility
Facility ID No. 0250348

Dear Mr. Sheplak:

As we discussed in our telephone conversation this afternoon, the County has significant comments relative to the Draft permit. This letter supercedes the previous letter sent to you via fax. Given the significant nature of the comments, the County requests an extension of 45 days (February 5, 2000) to the Public Comment period.

Please advise me as to your concurrence of this request, and thank you again for your cooperation in this matter.

Sincerely,

Lee S. Casey, Chief
Environmental Compliance Division

Re: Draft Title V Permit
Miami Dade County Resource Recovery Facility
Facility ID No. 0250348

Dear Mr. Sheplak:

Be advised that the County has significant comments relative to the Draft permit. Please advise us as to the format in which the Department wishes to receive such comments.

Given the significant nature of the comments, the County also requests an extension of time in order to provide such comments, prior to issuance of a final permit.

I have contacted your office to discuss timeframes and await your call back. Thank you for your cooperation in this matter.

Sincerely,

Lee S. Casey, Chief

PUBLIC NOTICE OF INTENT TO ISSUE TITLE V AIR OPERATION PERMIT

STATE OF FLORIDA
DEPARTMENT OF
ENVIRONMENTAL PROTECTION

TITLE V DRAFT PERMIT NO.: 0250348-001-AV MIAMI-DADE COUNTY DEPARTMENT OF SOLID WASTE MANAGEMENT MIAMI-DADE COUNTY RESOURCE RECOVERY FACILITY DADE COUNTY

The Department of Environmental Protection (permitting authority) gives notice of its intent to issue a Title V Air Operation Permit to the Miami-Dade County Department of Solid Waste Management for the Miami-Dade County Resource Recovery Facility located at 6990 NW 97th Avenue, Miami, Dade County. The applicant's name and address are: Miami-Dade County Department of Solid Waste Management, 8675 NW 53rd Street, Suite 201, Miami, FL 33166-4598.

The permitting authority will issue the Title V PROPOSED Permit, and subsequent Title V FINAL Permit, in accordance with the conditions of the Title V DRAFT Permit unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The permitting authority will accept written comments concerning the proposed Title V DRAFT Permit issuance action for a period of 30 (thirty) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #5505, Tallahassee, Florida 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in this DRAFT Permit, the permitting authority shall issue a Revised DRAFT Permit and require, if applicable, another Public Notice.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57 of the Florida Statutes (F.S.). The petition must contain the information set forth below and must be filed (received) in Office of General Counsel of the Department of Environmental Protection, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000 (Telephone: 850/488-9730; Fax: 850/487-4938). Petitions filed by any persons other than those entitled to written notice under Section 120.60(3), F.S., must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of the notice of intent, whichever occurs first. Under Section 120.60(3), F.S., however, any person who asked the permitting authority for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition within the applicable time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, Florida Administrative Code (F.A.C.).

A petition that disputes the material facts on which the permitting authority's action is based must contain the following information:

- (a) The name and address of each agency affected and each agency's file(s) or identification number(s), if known;
- (b) The name, address and telephone number of the petitioner; name address and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how petitioner's substantial rights will be affected by the agency determination;
- (c) A statement of how and when the petitioner received notice of the agency action or proposed action;
- (d) A statement of all disputed issues of material fact. If there are none, the petition must so state;
- (e) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle petitioner to relief; and
- (f) A demand for relief.

A petition that does not dispute the material facts upon which the permitting authority's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the permitting authority's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the permitting authority on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available for this proceeding.

In addition to the above, pursuant to 42 United States Code (U.S.C.) Section 7661d(b)(2), any person may petition the Administrator of the EPA within 60 (sixty) days of the expiration of the Administrator's 45 (forty-five) day review period as established at 42 U.S.C. Section 7661d(b)(1), to object to issuance of any permit. Any petition shall be based only on objections to the permit that were raised with reasonable specificity during the 30 (thirty) day public comment period provided in this notice, unless the petitioner demonstrates to the Administrator of the EPA that it was impracticable to raise such objections within the comment period or unless the grounds for such objection arose after the comment period. Filing of a petition with the Administrator of the EPA does not stay the effective date of any permit properly issued pursuant to the provisions of Chapter 62.213, F.A.C. Petitions filed with the Administrator of EPA must meet the requirements of 42 U.S.C. Section 7661d(b)(2) and must be filed with the Administrator of the EPA at: U.S. EPA, 401 M Street, S.W., Washington, D.C. 20460.

A complete project file is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:
