MIAMI DAILY BUSINESS REVIEW

Published Daily except Saturday, Sunday and Legal Holidays  
Miami, Miami-Dade County, Florida

STATE OF FLORIDA  
COUNTY OF MIAMI-DADE:

Before the undersigned authority personally appeared O.V. FERBEYRE, who on oath says that he or she is the SUPERVISOR, Legal Notices of the Miami Daily Business Review f/k/a Miami Review, a daily (except Saturday, Sunday and Legal Holidays) newspaper, published at Miami in Miami-Dade County, Florida; that the attached copy of advertisement, being a Legal Advertisement of Notice in the matter of

NOTICE OF INTENT TO ISSUE AIR CONSTRUCTION PERMIT - NAILITE INTERNATIONAL, INC.

in the XXXX Court,  
was published in said newspaper in the issues of

02/11/2005

Affiant further says that the said Miami Daily Business Review is a newspaper published at Miami in said Miami-Dade County, Florida and that the said newspaper has heretofore been continuously published in said Miami-Dade County, Florida, each day (except Saturday, Sunday and Legal Holidays) and has been entered as second class mail matter at the post office in Miami in said Miami-Dade County, Florida, for a period of one year next preceding the first publication of the attached copy of advertisement; and affiant further says that he or she has neither paid nor promised any person, firm or corporation any discount, rebate, commission or refund for the purpose of securing this advertisement for publication in the said newspaper.

**PUBLIC NOTICE OF INTENT  
TO ISSUE AIR CONSTRUCTION  
PERMIT MODIFICATION  
FLORIDA DEPARTMENT OF  
ENVIRONMENTAL PROTECTION  
NAILITE INTERNATIONAL, INC.  
MIAMI-DADE COUNTY  
DEP FILE NO.: 0250407-008-AC**

The Department of Environmental Protection (Department) gives notice of its intent to issue an Air Construction Permit Modification to Nailite International, Inc. for the previously-approved installation of a new paint line at and relocation of an existing line to Nailite's new location. The final collection and destruction requirements for a previously issued case-by-case Maximum Achievable Control Technology (MACT) were determined for Line 2. The applicant location and mailing address is Nailite International, Inc., 1111 NW 165th Street, Miami, Florida 33169.

Nailite manufactures molded plastic panels from polypropylene pellets and coats them in a series of paint booths. The previously issued permit specified the capture of volatile organic compounds (VOC) from the Line 2 and their destruction in a Regenerative Thermal Oxidizer (RTO). Relocation and operation of the previously uncontrolled Line 1 was temporarily authorized provided it was connected to the new RTO. The Department required improvements to vapor collection systems and efficiency testing for both lines prior to final authorization of the permanent operation of Line 1.

In late 2003 and early 2004, Nailite enclosed open areas in Lines 1 and Line 2 to capture the flashed off solvent, and convey the air/solvent mixture to the RTO. Nailite also conducted performance testing to determine the capture and destruction efficiencies of the collection and destruction system. This information was used to set final permit conditions for both lines including final emission requirements for the MACT determination conducted in 2000. The control requirements for the old Line 1 are 70 and 97 percent collection and destruction efficiency respectively. The case-by-case MACT requirements for the new Line 2 are 90 and 97 percent respectively.

This permit replaces an applicable VOC limit of 6 pound per gallon of paint with a 249 tons per year (TPY) limit on total VOC emissions from the facility. The annual limit in conjunction with the collection and control by the RTO system is much more restrictive because it represents much fewer emissions on a pounds per gallon basis.

The Department will accept written comments concerning the proposed permit issuance action for a period of thirty (30) days from the date of publication of this Public Notice of Intent to Issue Modified Air Construction Permit. Written comments should be provided to the Department's Bureau of Air Regulation at 2600 Blair Stone Road, Mail Station #5505, Tallahassee, FL 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit modification and require, if applicable, another Public Notice.

The Department will issue the permit modification with the attached conditions unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S., before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below. Mediation is not available in the proceeding.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. Under section 120.60(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301 of the Florida Administrative Code.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above. A complete project file is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

Dept. of Environmental Protection Bureau of Air Regulation 111 S. Magnolia Drive, Suite 4 Tallahassee, Florida 32301 Telephone: 850/488-0114 Fax: 850/922-6979	Miami-Dade County Department of Environmental Resources Mgmt. 33 S.W. 2nd Avenue, Suite 900 Miami, Florida 33130-1540 Telephone: 305/372-6925 Fax: 305/372-6954

My Commission DD293854  
Expires March 04, 2008

The Department of Environmental Protection (Department) gives notice of its intent to issue an Air Construction Permit Modification to Nailite International, Inc. for the previously-approved installation of a new paint line at and relocation of an existing line to Nailite's new location. The final collection and destruction requirements for a previously issued case-by-case Maximum Achievable Control Technology (MACT) were determined for Line 2. The applicant location and mailing address is Nailite International, Inc., 1111 NW 185th Street, Miami, Florida 33189.

Nailite manufactures molded plastic panels from polypropylene pellets and coats them in a series of paint booths. The previously issued permit specified the capture of volatile organic compounds (VOC) from the Line 2 and their destruction in a Regenerative Thermal Oxidizer (RTO). Relocation and operation of the previously uncontrolled Line 1 was temporarily authorized provided it was connected to the new RTO. The Department required improvements to vapor collection systems and efficiency testing for both lines prior to final authorization of the permanent operation of Line 1.

In late 2003 and early 2004, Nailite enclosed open areas in Lines 1 and Line 2 to capture the flashed off solvent, and convey the air/solvent mixture to the RTO. Nailite also conducted performance testing to determine the capture and destruction efficiencies of the collection and destruction system. This information was used to set final permit conditions for both lines including final emission requirements for the MACT determination conducted in 2000. The control requirements for the old Line 1 are 70 and 97 percent collection and destruction efficiency respectively. The case-by-case MACT requirements for the new Line 2 are 90 and 97 percent respectively.

This permit replaces an applicable VOC limit of 6 pound per gallon of paint with a 249 tons per year (TPY) limit on total VOC emissions from the facility. The annual limit in conjunction with the collection and control by the RTO system is much more restrictive because it represents much fewer emissions on a pounds per gallon basis.

The Department will accept written comments concerning the proposed permit issuance action for a period of thirty (30) days from the date of publication of this Public Notice of Intent to issue Modified Air Construction Permit. Written comments should be provided to the Department's Bureau of Air Regulation at 2600 Blair Stone Road, Mail Station #5505, Tallahassee, FL 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit modification and require, if applicable, another Public Notice.

The Department will issue the permit modification with the attached conditions unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S., before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below. Mediation is not available in the proceeding.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. Under section 120.60(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301 of the Florida Administrative Code.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above. A complete project file is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:
