Re: Air Construction Permit No. 0250476-004-AC for the Central District Wastewater Treatment Plant

Dear Mr. Linero:

The Miami-Dade Water and Sewer Department (MDWASD) requests an extension to the above-referenced permit. This permit was issued by the Florida Department of Environmental Protection (FDEP) on January 28, 2005 with an expiration date of December 31, 2006 for the purpose of installing new standby generators and modifying existing units. On July 10, 2006, the expiration date was extended to December 31, 2007. Construction under this permit is nearing completion however it is necessary that MDWASD request an extension to address an unforeseen problem with one of the new emission units to ensure that sufficient time remains under the permit to meet the remaining milestone dates in Appendix CP Compliance Plan of Title V Air Operation Permit No. 0250476-007-AV.

Therefore, and in accordance with Chapters 62-210 F.A.C. Stationary Sources - General Requirements and 62-4 F.A.C. Permits, MDWASD requests that the referenced construction permit be extended to June 30, 2008.

As a designated Responsible Official of this facility, I certify this request to be true, accurate, and complete based upon information and belief formed after reasonable inquiry. Please contact me at (786) 552-8107 or Mr. Richard M. O'Rourke, P.E. at (786) 552-8123 if there are any questions regarding this submittal.

Sincerely
