Re: Peace River Citrus
#0270003-012-AC

Gentlemen:

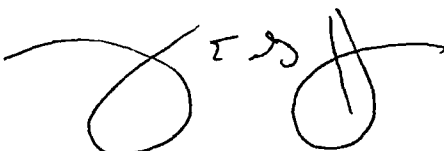

The draft permit is acceptable with the following comment:

Section III.C

The last sentence in the second paragraph references Appendix CP-1 for a compliance plan to replace the gas burners. This is unnecessary since the high efficiency natural gas burners were installed about 2 years ago. The boilers were originally oil fired.

Should you have any questions please do not hesitate to contact me at my office.

Sincerely,

Wayne E. Griffin, P.E.
Managing Partner
