CERTIFIED MAIL - RETURN RECEIPT REQUESTED

Mr. Hollis H. Elder
Vice President & General Manager
Jefferson Smurfit Corporation
Post Office Box 150
Jacksonville, Florida 32201

Dear Mr. Elder:

Re: Burning of Fire Damaged Wastepaper in No. 10 Coal/Bark Boiler Permit No. AC16-234532

The Department received Jefferson Smurfit's July 6 letter requesting approval to burn approximately 200 tons of damaged wastepaper in the No. 10 coal/bark boiler. The permit is amended as follows:

Between July 11 and July 20, 1995 the permittee is hereby permitted to burn the 200 tons (dry basis) of waste paper consisting of pre-consumer clippings from box plants and textile wastepaper which was damaged in an on-site spontaneous combustion fire. The wastepaper shall be mixed with bark not exceeding 10 percent (by weight) of wastepaper in the mixture. The wastepaper shall be burned in the No. 10 coal/bark boiler permitted under state construction permit number AC16-234532.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, Florida Statutes (F.S.). The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 2600 Blair Stone Road, Tallahassee, Florida 32399-2400. Petitions filed by the applicant of the amendment request/application and the parties listed below must be filed within 14 days of receipt of this amendment. Petitions filed by other persons must be filed within 14 days of the amendment issuance or within 14 days of their receipt of this amendment, whichever occurs first. Petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under Section 120.57, F.S.

The Petition shall contain the following information:

- (a) The name, address and telephone number of each petitioner, the applicant's name and address, the Department Permit File Number and the county in which the project is proposed;
- (b) A statement of how and when each petitioner received notice of the Department's action or proposed action;
- (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action;
- (d) A statement of the material facts disputed by Petitioner, if any;
- (e) A statement of facts which petitioner contends warrant reversal or modification of the Department's action or proposed action;
- (f) A statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; and,
- (g) A statement of the relief sought by petitioner, stating precisely the action the petitioner wants the Department to take with respect to the Department's action or proposed action.

If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this amendment. Persons whose substantial interests will be affected by any decision of the Department with regard to the request/application have the right to petition to become a party to the proceeding. The petition must conform to the requirements specified above and be filed (received) within 14 days of receipt of this amendment in the Office of General Counsel at the above address of the Department. Failure to petition within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, F.S., and to participate as a party to this proceeding. Any subsequent intervention will only be at the approval of the presiding officer upon motion filed pursuant to Rule 28-5.207, F.A.C.

This letter amendment must be attached to the construction permit, No. AC 16-234532, and shall become part of the permit.

Sincerely,

for Howard L. Rhodes
Director
Division of Air Resources
Management

Is your RETURN ADDRESS completed on the reverse side?

SENDER:

- Complete items 1 and/or 2 for additional services.
- Complete items 3, and 4a & b.
- Print your name and address on the reverse of this form so that we can return this card to you.
- Attach this form to the front of the mailpiece, or on the back if space does not permit.
- Write "Return Receipt Requested" on the mailpiece below the article number.
- The Return Receipt will show to whom the article was delivered and the date delivered.

I also wish to receive the following services (for an extra fee):

- Addressee's Address
- Restricted Delivery

Consult postmaster for fee.

Memorandum

TO: Howard L. Rhodes
FROM: Clair Fancy *I 5 19 h e d*
DATE: July 11, 1995
SUBJECT: Approval to burn fire damaged wastepaper in No. 10 coal/bark boiler Permit No. AC16-234532 Jefferson Smurfit Corporation

Attached for your approval and signature is a letter modifying the above referenced construction permit.

Wastepaper bales stored on-site spontaneously combusted setting them on fire. They recovered approximately 200 tons (dry basis) which was damaged. Jefferson Smurfit requested to burn the waste mixed in with bark not exceeding 10 percent (by weight) of wastepaper in the mixture.

The Bureau recommends approval of this amendment.

421 West Church Street, Suite 412
Jacksonville, Florida 32202-4111

**SUBJECT: Burning of Fire Damaged Wastepaper in
No. 10 Coal/Bark Boiler
Permit Number AC 16-234532
Jefferson Smurfit Corporation
Jacksonville Mill**

Dear Mr. Woosley:

Early this morning at approximately 1:30 am waste paper bales stored on-site spontaneously combusted setting them on fire. The mill with the help of the fire department salvaged most of the wastepaper damaging approximately 200 tons (dry basis). The damaged wastepaper bales comprise of pre-consumer clippings from box plants and textile wastepaper (i.e. cleaner than old corrugated containers (OCC)).

The mill will attempt to use the damaged wastepaper by processing on-site as routinely done. If in the event this wastepaper processed does not meet quality, the mill desires that the damaged wastepaper be disposed of properly. Therefore, the mill requests the Department permit the burning of 200 tons of this wastepaper in the No. 10 Coal/Bark boiler by mixing with bark, not exceeding 10 percent (by weight) of wastepaper in the mixture. The Jacksonville Mill believes that disposal in this manner will cause no additional air pollution.

Your consideration in this matter would be greatly appreciated.

Thanking you,

Very truly yours,

Hollie H. Elder
