CAIR Part Submittal

Dear Mr. Casio:

On July 11, 2008, the D.C. Circuit issued an opinion vacating CAIR. Accordingly, JEA requests that the CAIR Title V permit revisions not be sent to EPA in proposed form, and not be finalized at this time for the above referenced facilities. Once the court's ruling is final, we request that this permit revision process be terminated, either by withdrawing the draft permits, returning our applications, or treating them as withdrawn.

In the event the court's ruling is reheard or overturned on appeal, we can discuss how best to continue this permit revision process, and whether additional language needs to be added to the Statement of Basis or permit for each of the above referenced facilities.

If you have any questions, please call me at (904) 665-6247.

Sincerely,

A handwritten signature in black ink, appearing to read 'N. Bert Gianazza'.
