Re: Title V Air Operation Permit Renewal Application
Kennedy Generating Station
Facility ID: 0310047; ORIS Code: 0666

Dear Mr. Chansler:

Thank you for your recent submission of a Title V Air Operation Permit Renewal Application for the referenced plant. However, we must deem your application *incomplete*, due to the omission of an updated Phase II Acid Rain Part Application. Please be advised that Department Rule 62-214.320(1)(i) requires that, "the designated representative of any Title V source having a Title V permit with an Acid Rain Part shall submit a complete application for renewal of the Title V permit with the Acid Rain Part for each Acid Rain unit at the source."

Also, please check if there are any changes to the Designated Representative for the facility, and submit an updated Certificate of Representation if necessary.

When we receive this information we will continue processing your application. If you have any questions, please contact Bruce Mitchell at 850/413-9198.

Sincerely,

Scott M. Sheplak, P.E.
