### Initial Notification Report

Applicable Rule: 40 CFR Part 63, Subpart A — National Emission Standards for Hazardous Air Pollutants for Source Categories, Subpart A — General Provisions. Initial notification is being made in accordance with §63.9(b).

*Note: Initial notification reports are due not later than 120 calendar days after the effective date of the relevant standard, or within 120 calendar days after the source becomes subject to the relevant standard. Sources may also use the application for approval of construction or reconstruction under §63.5(d) to fulfill the initial notification requirement.*

*If you are a new or reconstructed major source, you must also include information required under 63.5(d) and 63.9(b)(5) - the Application for Approval of Construction or Reconstruction. You may use the Application for Approval of Construction and Reconstruction as your initial notification. (§63.5(d)(1)(ii)).*

#### SECTION I GENERAL INFORMATION

A. Print or type the following information for each facility for which you are making initial notification: (§63.9(b)(2)(i)-(ii))

Operating Permit Number (OPTIONAL)		Facility I.D. Number (OPTIONAL)	
0310097-004-AV			
Responsible Official's Name/Title			
Robert Lanham, P.E./ Director of Environmental, Health & Safety			
Street Address			
3636 South Geyer Rd.			
City	State	ZIP Code	
St. Louis	MO	63127	
Facility Name (if different from Responsible Official's Name)			
Metal Container Corporation			
Facility Street Address (If different than Responsible Official's Street Address)			
1100 North Ellis Road			
Facility Local Contact Name	Title	Phone (OPTIONAL)	
Jim Field	EHS Manager	904-695-7617	
City	State	ZIP Code	
Jacksonville	Florida	32254-2200	

B. Indicate the relevant standard or other requirement that is the basis for this notification and the source's compliance date: (§63.9(b)(2)(iii))

Basis for this notification (relevant standard or other requirement)	Anticipated Compliance Date (mm/dd/yy)
40 CFR Part 63, Subpart KKKK	November 13, 2006

**SECTION II  
SOURCE DESCRIPTION**

A. Briefly describe the nature, size, design, and method of operation of the source. (§63.9(b)(2)(iv))

The facility manufactures 2-piece aluminum beverage cans, consisting of can forming, coating, drying and curing. The facility has four (4) can coating lines which apply basecoat, ink, over varnish, bottom varnish, and inside spray.

B. Briefly describe the types of emission points within the affected source and the types of hazardous air pollutants emitted. (§63.9(b)(2)(iv))

Types of Emission Points

Coating application operations for 2-piece beverage cans including basecoat, bottom varnish, over varnish, decorative ink application equipment, inside spray equipment, curing equipment, and equipment cleanup.

Types of HAPs Emitted

Certain glycol ethers, including EGBE, ethylene glycol, xylene, ethyl benzene, formaldehyde & methanol

C. Check the box that applies: (§63.9(b)(2)(v))

My facility is a major source of Hazardous Air Pollutants (HAPs)

My facility is an area source of HAPs

*NOTE: EPA proposed to delist EBGE on November 21, 2003 (68 Fed. Reg. 65648). If EBGE is delisted, it is our intention to obtain synthetic minor status for this facility before November 13, 2006.*

**SECTION III**

**CERTIFICATION** (Note: you may edit the text in this section as deemed appropriate)

Based upon information and belief formed after a reasonable inquiry, I, as a responsible official of the above-mentioned facility, certify the information contained in this report is accurate and true to the best of my knowledge.

Name of Responsible Official (Print or Type)	Title	Date (mm/dd/yy)
Robert Lanham, P.E.	Director of EHS	11/10/04
Signature of Responsible Official 		

*Note 1: Initial notification forms should be sent to the EPA Regional Office servicing your area and to your State or local Air Pollution Control Agency. Part 70 permit applications can be used in lieu of an initial notification provided: (1) the same information is contained in the permit application as required by this rule; (2) the State has an approved Title V program under Part 70; (3) the State has received delegation of authority by the EPA; and (4) the Title V permit application has been submitted to the permitting authority. (§63.9(a))*

*Note 2: Responsible official is defined under §63.2 as any of the following: the president, vice-president, secretary, or treasurer of the company that owns the plant; the owner of the plant; the plant engineer or supervisor; a government official if the plant is owned by the Federal, State, city, or county government; or a ranking military officer if the plant is located on a military installation.*
