 DA 444 BONDED THRU TROY FAIR INSURANCE, INC.

State of Florida
 Department of Environmental Protection
 Notice of Intent to Issue
 FAC 38-257725

The Department of Environmental Protection (Department) hereby gives notice of its intent to issue an air construction permit to O-Graphics, 3385 Powers Avenue, Jacksonville, Duval County, Florida 32231, for a modification to increase the allowable emissions of volatile organic compounds (VOCs) for Press #5. The modification request was for an increase of 29.9 tons/year (TPY) of VOCs, which will result in an annual allowable emission limit of 130.5 TPY of VOCs for Press #5. The limit is for a calendar year (January through December 31). Press #5 is subject to the requirements and conditions of a determination of Lowest Achievable Emission Rate, which was issued at an earlier permitting action.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, Florida Statutes (F.S.). The petition must contain the information set forth below and must be filed (received) in the office of General Counsel of the Department at 2600 Blair Stone Road, Tallahassee, Florida 32399-2400, within fourteen (14) days of publication of this notice. Petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under Section 120.57 F.S.

The Petition shall contain the following information:
 (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Department Permit File Number and the county in which the project is proposed;
 (b) A statement of how and when each petitioner received notice of the Department's action or proposed action;
 (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action;
 (d) A statement of the material facts disputed by petitioner, if any;
 (e) A statement of facts which petitioner contends warrant reversal or modification of the Department's action or proposed action;
 (f) A statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; and
 (g) A statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the Department's action or proposed action.

If a petition is filed, the administrative hearing process is initiated to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any decision of the Department with regard to the application have the right to petition to become a party to the proceedings. The petition must conform to the requirements specified above and be filed (received) within 14 days of publication of this notice in the Office of General Counsel at the above address of the Department. Failure to petition within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, F.S., and to participate as a party to this proceeding. Any subsequent intervention will only be at the approval of the presiding officer upon motion filed pursuant to Rule 28.5207, Florida Administrative Code.

The application is available for public inspection during business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

Department of Environmental Regulation
 Bureau of Air Regulation
 311 South Magnolia Park Courtyard
 Tallahassee, Florida 32301
