Re: MACT notification under Section 112(j) of the CAA

This letter is a notification submitted under the Section (j) of the Clean Air Act (CAA). Our surface coating operations will be covered by the Miscellaneous Metal Parts and Products Surface Coating (MMPP) Maximum Achievable Control Technology (MACT) when it gets finalized. Our facility may exceed the threshold for major source of hazardous air pollutants (HAP). In the meantime we submit this notification required by May 15, 2002, under Section (j) of the CAA.

Notification information:

Name and address:

Canam Steel Corporation  
140 South Ellis Road  
Jacksonville, FL 32254

Description of source:

Fabricated steel manufacturing including surface coating of metal parts.

List of emission units:

Vacuum coating system  
Dip coating system

Affected sources:

We are aware of no affected source with a complete 112(g) MACT determination.

Please call Jean-Philippe Monfet at (450) 641-4000 ext. 3573 if you need more information.

A handwritten signature in black ink, appearing to read 'Russ Rocco', is written over a horizontal line.
