Re: Title V Air Operation Permit Application
Brandy Branch Generating Station
Facility ID No.: 0310485

Dear Mr. Bussells:

Thank you for your recent submission of the Title V Air Operation Permit Application for the subject facility. However, because full demonstration of compliance with the conditions of air construction permit PSD-FL-267 (0310485-001-AC) for the simple-cycle units fired on both natural gas and distillate fuel oil was not included, we must deem your application *incomplete* at this point. Therefore, please provide us with a compliance plan indicating the expected dates for the completion of this work, or provide us with the compliance test results. Also, we require that the Compliance Certification statement (included as Attachment F in your Application) be signed and dated.

When we receive this information we will continue processing your application. If you have questions, please call Tom Cascio at 850/921-9526.
