Hi Jay,

We are ok with allowing additional time to respond until the end of October 2009 as we discussed at our meeting. As you've indicated in your letter, we'll expect a meeting with you all in September 2009 to touch base on the status of the project.

Thank you,

Trina

Trina, Please find attached the electronic copy of JEA's request, with supporting documentation, for a twelve-month extension of time to submit a response to the FDEP's October 15, 2008, request for additional information for the Greenland Energy Center Combined Cycle Conversion Project air construction permit application. Once again, I want to thank you and your team for meeting with Angela Uhland and me on October 23, 2008 regarding this request. Please note that you will be receiving the hard copy of this letter.

As always, please do not hesitate to contact me at (904) 665-8729 if you have any questions or require any additional information.

Thanks, Jay
