Re: Air Permit No.: 0330042-007-AC  
International Paper - Pensacola Mill

Dear Mr. Bolduc:

On November 15, 2005, the Department received your letter dated November 10, 2005, from our Northwest District office, which requested withdrawal of the above referenced air construction permit (AC) and reversion back to the conditions established in the most current Title V permit, No. 0330042-009-AV. In the letter, you acknowledged completing some of the work authorized in the AC. Before we can make any conclusion, please provide the following information:

1. In detail, describe exactly what work has been completed as authorized by the AC.
2. Explain how the work that was performed affected the operation of the emissions unit.
3. Did the change affect any pollutant emissions? If so, which pollutants were affected and by how much?
4. Describe the original purpose and intent of Project No. 0330042-007-AC as well as pending Project No. 0330042-008-AC/PSD-FL-335. What is your plan for pending Project No. 0330042-008-AC/PSD-FL-335?

I look forward to your response. If you have any questions regarding this matter, please call Bruce Mitchell at 850/413-9198 or Jeff Koerner at 850/921-9536 or write to me at the above letterhead address.

Sincerely,

Ms. Trina L. Vielhauer  
Chief  
Bureau of Air Regulation
