---

Sure. I think as a matter of course the last time we received an application from them we e-mailed a link to the application for NWFREC to everyone that was on the original Tallahassee project certificate of service.

(Al, you just thought your life was going to get easier!)

Elizabeth:

We might get an application from the people who withdrew the Northwest Florida Renewable Energy Facility application.

Can you start a notification list to include Joy and Marilyn as described below?

Thanks.

Al.

Hello Joy!

They have not applied or reapplied.

You will be on any notifications list associated with any such project in Gulf County if we receive one.

Seasons greetings!

Al Linero.

**Subject:** Gulf County biomass burner?

Hi Al,

Would you please advise Marilyn Blackwell and me if S Glenn Farris and/or Biomass Gas & Electric, or another company, has recently applied (or re-applied) for an air permit for a biomass burner in Gulf County?

If so, please put us both on your notifications list.

Thanks Al,  
and Merry Christmas!  
Joy
