Scott, Sally Cooley from the NWD branch office in Panama City asked me to inquire if a new or revised stormwater construction permit (see below) will be required for the new NWFREC project.

Subject: RE: Biomass application anticipated/NWFREC

NWFREC withdrew their Air permit application, but they were issued a stormwater permit on 1/27/10 for construction proposed at that time.

Depending on proposed construction, this ERP permit could need modification or a new application.
