PROJECT NOS. 0510003-031-AC AND 0510003-032-AV  
CLEWISTON SUGAR MILL AND REFINERY / BRYANT SUGAR MILL  
TITLE V RENEWAL PROJECTS

Dear Mr. Koerner:

This letter serves to inform the Department for administrative purposes of the permanent shutdown of USSC's Bryant Mill (facility ID no. 0990061), located in Palm Beach County.

The Bryant Mill ceased operations back on April 14, 2007. As a result of this shutdown, the Bryant Mill can be removed from the Title V renewal permit, which the Department plans on issuing in draft form in the near future. USSC would like to retain any emissions credits resulting from this shutdown for future use at the Bryant Mill site. Please call Mr. Keith Tingberg at (863) 902-3186 if you have any questions concerning this notification.

Sincerely,

  
Neil Smith
