BUREAU OF AIR REGULATION

April 8, 2005

Mr. Al Linero P.E. Division of Air Resource Management 2600 Blair Stone Road MS 5500 Tallahassee, Florida 32399-2400

Re:

Progress Energy Avon Park Plant – Facility ID - 0550003

Roject 10, : 0550003-004-AV

Dear Mr. Linero:

The Progress Energy would like to update the Title V permit to include additional ASTM methods for testing sulfur in the fuel (please see the attached application). We would appreciate having the permit updated by letter (the new wording to be incorporated in the permit during the next renewal process). The requested wording is included in the attached application.

As requested by Teresa Heron we have included the Statement of Compliance for 2004.

If you have any questions please feel free to contact Dave Meyer at (727) 820-5295. Thank you very much for your help in this matter.

I, the undersigned, am the responsible official as defined in Chapter 62-210.200, F.A.C., of the Title V source for which this document is being submitted. I hereby certify, based on the information and belief formed after reasonable inquiry, that the statements made and data contained in this document are true, accurate, and complete.

Sincerely,

Kris G. Edmondsor Plant Manager

## Department of Environmental Protection

## Division of Air Resource Management APPLICATION FOR AIR PERMIT - LONG FORM

#### I. APPLICATION INFORMATION

Air Construction Permit – Use this form to apply for an air construction permit for a proposed project:

- subject to prevention of significant deterioration (PSD) review, nonattainment area (NAA) new source review, or maximum achievable control technology (MACT) review; or
- where the applicant proposes to assume a restriction on the potential emissions of one or more pollutants to escape a federal program requirement such as PSD review, NAA new source review, Title V, or MACT; or
- at an existing federally enforceable state air operation permit (FESOP) or Title V permitted facility.

Air Operation Permit – Use this form to apply for:

- an initial federally enforceable state air operation permit (FESOP); or
- an initial/revised/renewal Title V air operation permit.

Air Construction Permit & Revised/Renewal Title V Air Operation Permit (Concurrent Processing Option) – Use this form to apply for both an air construction permit and a revised or renewal Title V air operation

permit incorporating the proposed project.

To ensure accuracy, please see form instructions.

DEP Form No. 62-210.900(1) - Form

Effective: 06/16/03

# Department of Environmental Protection

#### **Division of Air Resource Management**

#### **APPLICATION FOR AIR PERMIT - LONG FORM**

#### Purpose of Application

This application for air permit is submitted to obtain: (Check one)
Air Construction Permit  Air construction permit.
Air Operation Permit  Initial Title V air operation permit.  Title V air operation permit revision.
<ul> <li>☐ Title V air operation permit renewal.</li> <li>☐ Initial federally enforceable state air operation permit (FESOP) where professional engineer (PE) certification is required.</li> <li>☐ Initial federally enforceable state air operation permit (FESOP) where professional engineer (PE) certification is not required.</li> </ul>
Air Construction Permit and Revised/Renewal Title V Air Operation Permit (Concurrent Processing)  Air construction permit and Title V permit revision, incorporating the proposed project.  Air construction permit and Title V permit renewal, incorporating the proposed project.
Note: By checking one of the above two boxes, you, the applicant, are requesting concurrent processing pursuant to Rule 62-213.405, F.A.C. In such case, you must also check the following box:
I hereby request that the department waive the processing time requirements of the air construction permit to accommodate the processing time frames of the Title V air operation permit.

**Application Comment** 

DEP Form No. 62-210.900(1) - Form

Effective: 06/16/03

Applicant requests permit revisions to incorporate pertinent ASTM fuel oil test methods, as follows:

#### **Current Version**

A.12. The fuel sulfur content, percent by weight, provided by the vendor or permittee for each delivery of liquid fuels shall be evaluated using either ASTM D2622-94, ASTM D4294-90, both ASTM D4057-88 and ASTM D129-91, or the latest edition(s). [Rules 62-213.440 and 62-297.440, F.A.C.]

#### Requested Revisions

A.12. The fuel sulfur content, percent by weight, provided by the vendor or permittee for each delivery of liquid fuels shall be evaluated using either ASTM D1552-90 or later editions. ASTM D2622-94, ASTM D4294-90, or both ASTM D4057-88 and ASTM D129-91, or the latest edition(s). In addition, any ASTM method (or later editions) referenced in 62-297.440(1). F.A.C. or in 40 CFR 60.335 (b)(10) is acceptable.

[Rules 62-213.440 and 62-297.440, F.A.C.]

Please note that the street name of the facility has changed from South Highlands Avenue to South Memorial Drive.

#### Owner/Authorized Representative Statement

Complete if applying for an air construction permit or an initial FESOP. 1. Owner/Authorized Representative Name: 2. Owner/Authorized Representative Mailing Address... Organization/Firm: Street Address: Zip Code: State: City: 3. Owner/Authorized Representative Telephone Numbers... Telephone: ( ) ext. Fax: ( ) -4. Owner/Authorized Representative Email Address: 5. Owner/Authorized Representative Statement: I, the undersigned, am the owner or authorized representative of the facility addressed in this air permit application. I hereby certify, based on information and belief formed after reasonable inquiry, that the statements made in this application are true, accurate and complete and that, to the best of my knowledge, any estimates of emissions reported in this application are based upon reasonable techniques for calculating emissions. The air pollutant emissions units and air pollution control equipment described in this application will be operated and maintained so as to comply with all applicable standards for control of air pollutant emissions found in the statutes of the State of Florida and rules of the Department of Environmental Protection and revisions thereof and all other requirements identified in this application to which the facility is subject. I understand that a permit, if granted by the department, cannot be transferred without authorization from the department, and I will promptly notify the department upon sale or legal transfer of the facility or any permitted emissions unit.

#### STATEMENT OF COMPLIANCE - TITLE V SOURCE

### RESPONSIBLE OFFICIAL CERTIFICATION I, the undersigned, am the responsible official as defined in Chapter 62-210.200, F.A.C., of the Title V source for which this document is being submitted. With respect to all matters other than Acid Rain program requirements, I hereby certify, based on the information and belief formed after reasonable inquiry, that the statements made and data contained in this document are true, accurate, and complete. Title: Plant Manager Kris G. Edmondson Name: DESIGNATED REPRESENTATIVE CERTIFICATION (only applicable to Acid Rain source) I, the undersigned, am authorized to make this submission on behalf of the owners and operators of the Acid Rain source or Acid Rain units for which the submission is made. I certify under penalty of law that I have personally examined, and am familiar with, the statements and information submitted in this document and all its attachments. Based on my inquiry of those individuals with primary responsibility for obtaining the information, I certify that the statements and information are to the best of my knowledge and belief true, accurate, and complete. I am aware that there are significant penalties for submitting false statements and information or omitting required statements and information, including the possibility of fine or imprisonment. (Signature of Acid Rain Source Designated Representative) Permitting and Compliance Mgr. Title: Name: J. Michael Kennedy

{Note: Attachments, if required, are created by the responsible official or the designated representative, as appropriate, and should consist of the information specified and any supporting records. Additional information may also be attached by the responsible official or designated representative when elaboration is required for clarity. This report is to be submitted to both the compliance authority (DEP district or local air program) and the U.S. EPA (U.S. EPA Region 4, Air and EPCRA Enforcement Branch, 61 Forsyth Street, Atlanta GA 30303).}

DEP Form N	o. 62-213.900(7)
Effective:	

Progress Energy Florida Avon Park - January 1, 2004 thru June 30, 2004 Malfunction Events

During the first two quarters of calendar year 2004, no deviations occurred for Unit No. 1 or Unit No. 2.

Date Time Duration Parameter Description

None to report for the first two quarters of 2004

This event occurred with respect to the following permit condition:

The No. 2 fuel oil at Avon Park was analyzed for Sulfur content using ASTM Method D 1552-95 and is referenced in Rule 62-297.440(1)(m). This ASTM method for Sulfur determination is an approved method but was not included in our current permit, Permit Condition: A.12. Progress Energy will request by separate letter to the Florida Department of Environmental Protection that ASTM Method D 1552-95 be added to the Avon Park Title V air permit.

Permit Condition: A.12. The fuel sulfur content, percent by weight, provided by the vendor or permittee for each delivery of liquid fuels shall be evaluated using either ASTM D2622-94, ASTM D4294-90, both ASTM D4057-88 and ASTM D129-91, or the latest edition(s). [Rules 62-213.440 and 62-297.440, F.A.C.]

Progress Energy Florida Avon Park - July 1, 2004 thru December 31, 2004 Malfunction Events

During the second two quarters of calendar year 2004, no deviations occurred for Unit No. 1 or Unit No. 2.

<u>Date Time Duration Parameter Description</u>

None to report for the second two quarters of 2004

This event occurred with respect to the following permit condition:

The No. 2 fuel oil at Avon Park was analyzed for Sulfur content using ASTM Method D 1552-95 and is referenced in Rule 62-297.440(1)(m). This ASTM method for Sulfur determination is an approved method but was not included in our current permit, Permit Condition: A.12. Progress Energy has requested by separate letter to the Florida Department of Environmental Protection that ASTM Method D 1552-95 be added to the Avon Park Title V air permit.

Permit Condition: A.12. The fuel sulfur content, percent by weight, provided by the vendor or permittee for each delivery of liquid fuels shall be evaluated using either ASTM D2622-94, ASTM D4294-90, both ASTM D4057-88 and ASTM D129-91, or the latest edition(s).

Mr. Jim Pennington
Division of Air Resource Management
2600 Blair Stone Road MS 5500
Tallahassee, Florida 32399-2400

Dear Mr. Pennington:

Re: Avon Park Plant fuel oil testing standard FDEP Permit No. 0550003-002-AV

0550003-003-AC 0550003-04-AU

HIGHLANDS COUNTY SOUTH DISTRICT

RECEIVE

JAN 18 2005

BUREAU OF AIR REGULATION

I would like to add "ASTM D 1552-90 or latest edition" to the list of acceptable fuel oil test methods listed in Section III A.12 of our Avon Park Title V permit referenced above:

**A.12.** The fuel sulfur content, percent by weight, provided by the vendor or permittee for each delivery of liquid fuels shall be evaluated using either ASTM D2622-94, ASTM D4294-90, both ASTM D4057-88 and ASTM D129-91, or the latest edition(s). [Rules 62-213.440 and 62-297.440, F.A.C.]

ASTM D 1552 is referenced in Rule 62-297.440(1)(m).

If you have any questions, please contact Dave Meyer at (727) 826-4187.

I hereby certify that, based on the information and belief formed after reasonable inquiry, the statements and information in the attached documents are true, accurate and complete.

Sincerely,

Kris G. Edmondson Plant Manager
