**Re: Tampa Electric Company (TEC)  
Sebring Power (Dinner Lake Station)  
Part 1 MACT Application  
Permit No. 0550004-001-AV**

Dear Mr. Neeley and Ms. Phillips:

Please find enclosed Part 1 of the two-part 112(j) permit application. TEC understands that the Environmental Protection Agency finalized amendments on April 5, 2002 to allow this two-part application process, and that the Department of Environmental Protection is acting to incorporate by reference these amendments at its earliest opportunity. As indicated in your letter dated April 5, 2002, TEC is submitting Part 1 by May 15, 2002.

Based on the information available to the company at the time of this application, TEC believes that Dinner Lake Station is not subject to section 112(j) of the Clean Air Act. This facility is not an affected industry type source category. However, TEC reserves the right to amend or withdraw this application should we obtain new or different information regarding our status. Dinner Lake Station is also not in operation, since it is in long-term reserve shutdown. If you have any questions or comments, please contact Raiza Calderon or me at (813) 641-5261.

Sincerely,

Laura R. Crouch

Airbill No. 7920 3380 1889

**Part 1 Title V Application**  
**Sources Subject to Section 112(j) Provisions**  
**40 CFR 63.50 through 63.56**

<b>A. SOURCE INFORMATION</b>			
1) FACILITY NAME: Dinner Lake Station		2) FACILITY ID: 0550004	
3) FACILITY OWNER: Tampa Electric Company		4) FACILITY CONTACT: Raiza Calderon, Engineer	

<b>B. PHYSICAL LOCATION</b>				
1) ADDRESS: 1246 North Ridgewood Drive		2) COUNTY: Highlands		
3) CITY: Sebring	4) STATE: Florida		5) ZIP CODE: 33870	

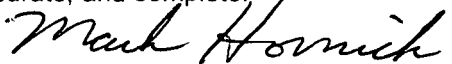

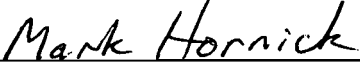

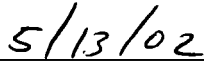

<b>C. MAILING ADDRESS (IF DIFFERENT THAN PHYSICAL LOCATION)</b>				
1) ADDRESS: P.O. Box 111		2) COUNTY: Hillsborough		
3) CITY: Tampa	4) STATE: Florida		5) ZIP CODE: 33601-0111	

<b>D. SOURCE DESCRIPTION</b>	
1) DESCRIPTION OF MAJOR SOURCE: Sebring Power (Dinner Lake Station) is a nominal 12.65 MW electric generation facility. The facility consists of a steam boiler; steam turbine; once through cooling water system; fuel storage tanks; and ancillary support equipment. The steam boiler is fired with pipeline natural gas as its primary fuel source. Supplemental fuel sources include propane, No.6 fuel oil and used oil. The Dinner Lake Station is presently operated in a cold standby mode. Title V Permit No. 0550004-001-AV states that based on the initial Title V permit application received by FDEP on June 14, 1996, this facility is a major source of hazardous air pollutants (HAPs).	
2) FACILITY MAJOR GROUP SIC: 4911	3) IDENTIFICATION OF SOURCE CATEGORY: NOT APPLICABLE

<b>E. EMISSION POINTS</b>
1) IDENTIFICATION OF SOURCE CATEGORY EMISSION POINTS: NOT APPLICABLE

<b>F. SOURCES WITH 112(g) DETERMINATION</b>
NOT APPLICABLE

<b>G. APPLICATION COMMENTS</b>
This facility is a major source of HAPs, but is not an affected industry type source category. Therefore, it is believed that Dinner Lake Station is not subject to section 112(j) of the Clean Air Act.

<b>H. CERTIFICATION AND SIGNATURE OF TITLE V PERMIT RESPONSIBLE OFFICIAL</b>	
I, the undersigned, am the responsible official of the Title V source addressed. I hereby certify, based on information and belief formed after reasonable inquiry, that the statements and information in this document are true, accurate, and complete.

Re: 112(j) Notification Information Submittal for  
Seabring Power (Dinner Lake Station), Facility ID 0550004

Dear Ms. Crouch:

Thank you for submitting the referenced information in your letter dated May 14, 2002. Since your letter states that there is no applicable source category for 112(j) purposes, Section 112(j) does not apply to this facility, and no submittal was required.

Please be aware that, although your letter refers to this information submittal as a "Part 1 Title V Application," the Department does not recognize your submittal as state permit application and has no plans to process it as such.

No further 112(j) information is needed from you at this time.

If you have any questions, please call me at 850/921-9534.

Sincerely,

Cindy L. Phillips, P.E.  
Bureau of Air Regulation
