RE: Florida Gas Transmission Company, LLC
Proof of Publication
Phase VIII Project
Compressor Station 29
Permit 0550060-001-AC

Dear Ms DeVore,

Enclosed, please find the proof of publication of the public notice for the referenced permitting action.

Should you have any questions or comments, please feel free to contact me.

Sincerely,

Charles Wait
Principal Engineer

THE NEWS-SUN
2227 U.S. 27 SOUTH
Published three (3) times weekly
SEBRING, HIGHLANDS COUNTY, FLORIDA

RECEIVED

APR 24 2009

STATE OF FLORIDA,
COUNTY OF HIGHLANDS:

BUREAU OF AIR REGULATION

Before the undersigned authority personally appeared Romona Washington, who on oath says that she is Executive Editor of the News-Sun, a tri-weekly newspaper Published at Sebring, in Highlands County, Florida; that the Attached copy of advertisement, being a Proof of Publication in the matter of:

**PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMIT
PERMIT NO. 0550060-001-AC; HIGHLANDS COUNTY,
FLORIDA**

Was published in said newspaper in the issue(s) of
APRIL 3, 2009

Affiant further says that the News-Sun is a newspaper published at Sebring, in Highlands County, Florida, and that the said newspaper has heretofore been continuously published in said County, Florida, Wednesday, Friday and/or Sunday and has been entered as a second class mail matter at the post office Sebring, in said county, Florida, for a period of one year next preceding the first publication of the attached copy of advertisement; and affiant further says that she has neither paid nor promised any person, firm or corporation any discount, rebate, commission or refund of the purchase of securing this advertisement of publication in the said newspaper.

**PUBLIC NOTICE OF INTENT TO
ISSUE AIR PERMIT**

Florida Department of Environmental Protection
Division of Air Resource Management,
Bureau of Air Regulation Draft Air Permit No.
0550060-001-AC Florida Gas Transmission
Company, Compressor Station No. 29 High-
lands County, Florida

Applicant: The applicant for this project is
Florida Gas Transmission Company. The ap-
plicant's authorized representative and mailing
address is: David Shellhouse, Vice President,
Southeastern Operations, Florida Gas Trans-
mission Company, 2405 Lucien Way, Suite
200, Maitland, FL 32751.

Facility Location: Florida Gas Transmission
Company proposes to construct new Com-
pressor Station No. 29, which is located in
Highlands County approximately 13 miles
west of US 441 on SR 70 in Oklawaha, Flor-
ida.

Project: The proposed project is part of Flori-
da Gas Transmission Company's overall
Phase VIII projects intended to increase the
availability and reliability of natural gas sup-
plied by the existing natural gas pipeline.

The proposed expansion at this new station
consists of the installation of two 7,277 bhp
combustion turbine compressor engines, two
454 bhp emergency generators, one 500 gal-
lon oily water tank, one 100 barrel condensate
storage tank and miscellaneous buildings and
pipeline equipment such as pumps, valves,
flanges, etc.

All engines exclusively fire natural gas.

The new combustion turbines are subject to
the federal New Source Performance Stand-
ards (NSPS) for nitrogen oxides and sulfur di-
oxide in NSPS Subpart KKKK. The new emer-
gency generators are subject to the federal
standards for carbon monoxide, nitrogen ox-
ides and volatile organic compounds in NSPS
Subpart JJJJ. After completing construction,
the facility will remain a minor PSD stationary
source and will not become a Title V major
source.

Upon completion, the new facility will have the
potential to emit the following pollutants: 64.8
tons of carbon monoxide per year; 53.2 tons
of nitrogen oxides per year; 3.8 tons of partic-
ulate matter per year; 16.2 tons of sulfur diox-
ide per year; and 2.0 tons of volatile organic
compounds per year. Therefore, the project
remains minor with respect to the PSD pre-
construction review program.

Permitting Authority: Applications for air con-
struction permits are subject to review in ac-
cordance with the provisions of Chapter 403,
Florida Statutes (F.S.) and Chapters 62-4, 62-
210 and 62-212 of the Florida Administrative
Code (F.A.C.). The proposed project is not ex-
empt from air permitting requirements and an
air permit is required to perform the proposed
work. The Permitting Authority responsible for
making a permit determination for this project
is the Bureau of Air Regulation in the Depart-
ment of Environmental Protection's Division
of Air Resource Management. The Permitting
Authority's physical address is: 111 South
Magnolia Drive, Suite #4, Tallahassee, Florida.
The Permitting Authority's mailing address is:
2600 Blair Stone Road, MS #5505, Tallahas-
see, Florida 32399-2400. The Permitting Au-
thority's telephone number is 850/488-0114.

Project File: A complete project file is available
for public inspection during the normal busi-
ness hours of 8:00 a.m. to 5:00 p.m., Monday
through Friday (except legal holidays), at the
physical address indicated above for the Per-
mitting Authority. The complete project file in-
cludes the Draft Permit, the Technical Evalu-
ation and Preliminary Determination, the appli-
cation and information submitted by the ap-
plicant (exclusive of confidential records under
Section 403.111, F.S.). Interested persons
may contact the Permitting Authority's project
engineer for additional information at the ad-
dress and phone number listed above. In ad-
dition, electronic copies of these

documents are available on the following web
site: www.dep.state.fl.us/air/products/apds/default.asp.
Notice of Intent to Issue Air Permit:
The Permitting Authority gives notice of its in-
tent to issue an air construction permit to the
applicant for the project described above. The
applicant has provided reasonable assurance
that operation of proposed equipment will not
adversely impact air quality and that the pro-
ject will comply with all appropriate provisions
of Chapters 62-4, 62-204, 62-210, 62-212,
62-296 and 62-297, F.A.C.

The Permitting Authority will issue a Final Per-
mit in accordance with the conditions of the
proposed Draft Permit unless a timely petition
for an administrative hearing is filed under
Sections 120.569 and 120.57, F.S. or (Public
Notice to be Published in the Newspaper) un-
less public comment received in accordance
with this notice results in a different decision
or a significant change of terms or conditions.

Comments: The Permitting Authority will ac-
cept written comments concerning the pro-
posed Draft Permit for a period of 14 days
from the date of publication of the Public No-
tice. Written comments must be received by
the Permitting Authority by close of business
(5:00 p.m.) on or before the end of this 14-
day period. If written comments received re-
sult in a significant change to the Draft Permit,
the Permitting Authority shall revise the Draft
Permit and require, if applicable, another Pub-
lic Notice. All comments filed will be made
available for public inspection.

Petitions: A person whose substantial inter-
ests are affected by the proposed permitting
decision may petition for an administrative
hearing in accordance with Sections 120.569
and 120.57, F.S. The petition must contain the
information set forth below and must be filed
with (received by) the Department's Agency
Clerk in the Office of General Counsel of the
Department of Environmental Protection at
3900 Commonwealth Boulevard, Mail Station
#35, Tallahassee, Florida 32399-3000 (Tele-
phone: 850/245-2241). Petitions filed by any
persons other than those entitled to written
notice under Section 120.60(3), F.S. must be
filed within 14 days of publication of this Pub-
lic Notice or receipt of a written notice, which-
ever occurs first. Under Section 120.60(3),
F.S., however, any person who asked the Per-
mitting Authority for notice of agency action
may file a petition within 14 days of receipt of
that notice, regardless of the date of publica-
tion. A petitioner shall mail a copy of the peti-
tion to the applicant at the address indicated
above, at the time of filing. The failure of any
person to file a petition within the appropriate
time period shall constitute a waiver of that
person's right to request an administrative de-
termination (hearing) under Sections 120.569
and 120.57, F.S.; or to intervene in this pro-
ceeding and participate as a party to it. Any
subsequent intervenor (in a proceeding initi-
ated by another party) will be only at the ap-
proval of the presiding officer upon the filing
of a motion in compliance with Rule 28-
106.205, F.A.C.

A petition that disputes the material facts on
which the Permitting Authority's action is
based must contain the following information:
(a) The name and address of each agency af-
fected and each agency's file or identification
number, if known; (b) The name, address and

telephone number of the petitioner, the name
and address and telephone number of the peti-
tioner's representative, if any, which shall be the
address for service purposes during the
course of the proceeding; and an explanation
of how the petitioner's substantial rights will
be affected by the agency determination; (c) A
statement of when and how the petitioner re-
ceived notice of the agency action or pro-
posed decision; (d) A statement of all dispu-
ted issues of material fact. If there are none,
the petition must so state; (e) A concise state-
ment of the ultimate facts alleged, including
the specific facts the petitioner contends war-
rant reversal or modification of the agency's
proposed action; (f) A statement of the spec-
ific rules or statutes the petitioner contends re-
quire reversal or modification of the agency's
proposed action including an explanation of
how the alleged facts relate to the specific
rules or statutes; and. (g) A statement of the
relief sought by the petitioner, stating precisely
the action the petitioner wishes the agency
to take with respect to the agency's proposed
action. A petition that does not dispute the
material facts upon which the Permitting Au-
thority's action is based shall state that no
such facts are in dispute and otherwise shall
contain the same information as set forth
above, as required by Rule 28-106.301, F.A.C.
Because the administrative hearing process is
designed to formulate final agency action, the
filing of a petition means that the Permitting
Authority's final action may be different from
the position taken by it in this Public Notice of
Intent to Issue Air Permit. Persons whose
substantial interests will be affected by any
such final decision of the Permitting Authority
on the application have the right to petition to
become a party to the proceeding, in accord-
ance with the requirements set forth above.
Mediation: Mediation is not available for this
proceeding.
