Re: **Request for Additional Information – 30-Day Extension**  
Project Number 0570008-055-AC  
Best Available Retrofit Technology  
Riverview Facility

Dear Mr. Stewart:

On February 2, 2007, we received your application for Best Available Retrofit Technology (BART) for the identified BART-eligible units in accordance with Rule 62-296.340, Florida Administrative Code (F.A.C.). These units are installed at the existing facility, which is located in Hillsborough County at 8813 U.S. Highway 41 South, Riverview.

The application was deemed incomplete and the Department requested additional information on March 1, 2007, that would allow continued processing of your application. To date, we have not received the requested additional information. Rule 62-4.055(1), F.A.C. requires the following:

“The applicant shall have ninety days after the Department mails a timely request for additional information to submit that information to the Department. If an applicant requires more than ninety days in which to respond to a request for additional information, the applicant may notify the Department in writing of the circumstances, at which time the application shall be held in active status for one additional period of up to ninety days. Additional extensions shall be granted for good cause shown by the applicant. A showing that the applicant is making a diligent effort to obtain the requested additional information shall constitute good cause. Failure of an applicant to provide the timely requested information by the applicable deadline shall result in denial of the application.”

It has been more than 75 days since our request for additional information (copy attached). You are reminded that the permit processing time clock has stopped for this project. Because of the timing of the rule and submittal of the applications, you are being granted an additional 30 days to submit the requested information. If you fail to provide the additional information by **June 29, 2007**, your application will be processed based on other information available to the Department.

**Extension of Request for Additional Information**

Project Number 0570008-055-AC

The processing of this application is under time constraints. The Division of Air Resource Management has a goal to finalize all BART determinations by October 1, 2007. The Department must submit a state implementation plan (SIP) to EPA by December 17, 2007 identifying all BART determinations.

If you should have any questions, please contact me at 850/921-9532 and Ms. Deborah Nelson regarding modeling items at 850/921-9537. We would be glad to meet with you and your staff to discuss this project.

Sincerely,

Scott M. Sheplak, P.E.

Dear Sir/Madam:

Please send a "reply" message verifying receipt of the attached document(s); this may be done by selecting "Reply" on the menu bar of your e-mail software and then selecting "Send". We must receive verification of receipt and your reply will preclude subsequent e-mail transmissions to verify receipt of the document(s).

The document(s) may require immediate action within a specified time frame. Please open and review the document(s) as soon as possible.

The document is in Adobe Portable Document Format (pdf). Adobe Acrobat Reader can be downloaded for free at the following internet site: <http://www.adobe.com/products/acrobat/readstep.html>.

The Bureau of Air Regulation is issuing electronic documents for permits, notices and other correspondence in lieu of hard copies through the United States Postal System, to provide greater service to the applicant and the engineering community. Please advise this office of any changes to your e-mail address or that of the Engineer-of-Record.

Thank you,

DEP, Bureau of Air Regulation
