**Re: Tampa Electric Company (TEC)  
Hookers Point Station  
Part 1 MACT Application  
Permit No. 0570038-001-AV**

Dear Mr. Neeley and Ms. Phillips:

Please find enclosed Part 1 of the two-part 112(j) permit application. TEC understands that the Environmental Protection Agency finalized amendments on April 5, 2002 to allow this two-part application process, and that the Department of Environmental Protection is acting to incorporate by reference these amendments at its earliest opportunity. As indicated in your letter dated April 5, 2002, TEC is submitting Part 1 by May 15, 2002.

Based on the information available to the company at the time of this application, TEC believes that we may be subject to section 112(j) of the Clean Air Act. However, TEC reserves the right to amend or withdraw this application should we obtain new or different information regarding our status.

If you have any questions or comments, please contact Raiza Calderon or me at (813) 641-5261.

Sincerely,

Laura Crouch  
Manager - Air Programs  
Environmental Affairs

<b>3) CITY:</b> Tampa	<b>4) STATE:</b> Florida	<b>5) ZIP CODE:</b> 33601-0111		

<b>D. SOURCE DESCRIPTION</b>	
<b>1) DESCRIPTION OF MAJOR SOURCE:</b> Hookers Point Station is a nominal 227 MW electric generation facility from the six oil-fired boilers and a nominal 54.75 MW electric generation facility from the thirty Caterpillar XQ200 Power modules. The facility consists of six steam boilers; five steam turbine-generators; thirty Caterpillar Power modules each consisting of one diesel internal combustion engine and one generator; a once-through cooling water system; fuel oil storage tanks; and ancillary support equipment. The boilers are primarily fired with No.6 fuel oil. The Caterpillar power modules are only fired with No.2 fuel oil. The Proposed Title V Permit No. 0570038-003-AV states that based on the initial Title V permit application received by FDEP on June 14, 1996, this facility is a major source of hazardous air pollutants (HAPs).	
<b>2) FACILITY MAJOR GROUP SIC:</b> 49, 4911	<b>3) IDENTIFICATION OF SOURCE CATEGORY:</b> Reciprocating Internal Combustion Engines

<b>E. EMISSION POINTS</b>
<b>1) IDENTIFICATION OF SOURCE CATEGORY EMISSION POINTS:</b> E.U. ID No. 007-0036 Thirty Caterpillar XQ2000 Power Modules

<b>F. SOURCES WITH 112(g) DETERMINATION</b>
NOT APPLICABLE

<b>G. APPLICATION COMMENTS</b>
The six boilers (E.U. ID No 001-006) are no longer in operation. Only the Caterpillar Power Modules are in operation.

Re: 112(j) Notification Information Submittals for the following facilities:  
J. H. Phillips Station, Facility ID 0550018  
Hookers Point Station, Facility ID 0570038  
Big Bend Station, Facility ID 0570039  
F. J. Gannon/Bayside Power Station, Facility ID 0570040

Dear Ms. Crouch:

Thank you for submitting the referenced information in your letters dated May 13, 2002. Your information submittals appear to meet our current 112(j) requirements.

Please be aware that, although your letters refer to these information submittals as a "Part 1 MACT application," the Department does not recognize your submittals as state permit applications and has no plans to process them as such.

No further 112(j) information is needed from you at this time.

If you have any questions, please call me at 850/921-9534.

Sincerely,

Cindy L. Phillips, P.E.
