Byron,

This is to acknowledge receipt of your letter regarding the truck unloading of up to a total of 5000 tons of coal at the Big Bend Station.

We understand that the plant will conduct the unloading to minimize emissions. Once unloaded, the plant will use the same practices for material transfer and conveying that are currently in place.

We will file your notification with correspondence related to the Big Bend Station.

Sincerely,

Jeff Koerner, New Source Review Section

Subject: Big Bend Truck Unloading Generic Exemption Letter

Attached is the letter that we discussed describing that the truck unloading process qualifies as a generic exemption. We plan to begin the truck unloading process tomorrow. Please let us know if you need additional information. Thanks again for your prompt attention to this matter.

Sincerely,

Byron
