 Air Construction Permit Modification Project No.: 0570039-018-AC
 Request to Withdraw Permit Application for CO**

Dear Ms. Heron:

In response to your July 1, 2005 letter, we hereby withdraw our request to modify the referenced Title V permit. Tampa Electric Company (TEC) will evaluate the Carbon Monoxide (CO) BACT limit for Big Bend Unit 4 considering the effects of the NOx reduction projects and submit a revised request to modify the permit.

Please continue processing the air construction permit for the coal, slag, and petcoke transloading operation that was part of the original application. If you have any questions, please feel free to telephone me or Shelly Castro at (813) 228-4408.

Sincerely,

Byron T. Burrows, P.E.
