Professional Engineer Statement:

- (1) Engineering opinions and information included herein provides reasonable assurance of meeting the requirements of Chapter 62-210.300 F.A.C.;
- (2) Engineering information included herein is believed to be correct to the best of the Engineer's knowledge;
- (3) Emission information is based on acceptable techniques available for calculating emissions or estimating emissions from designated emission sources;
- (4) Seal does not certify or attest to the accuracy of work or information prepared by others who are qualified to perform such services. This includes, but not limited to drawings, specifications, vendor information, engineering test data, laboratory data, correspondences, personnel communication etc.;
- (5) The Engineer is not responsible for subsequent deviations made by others without the Engineer's written consent; and
- (6) The data and information previously submitted to the department is considered null and void. The information contained in this certification is considered final.
