Re: Tampa Electric Company (TEC)
Big Bend Station DRAFT Title V Permit Revisions

Dear Ms. Phillips:

In previous correspondence dated July 5, 2000, TEC requested permission to perform formal compliance testing on Big Bend Units 1 and 2 at an alternative location. Specifically, TEC requested that Specific Condition A.12 be changed to read:

... "When testing in CS0W1 or when testing in CS001, Unit No. 1 shall not be in operation during the compliance testing of Unit No. 2, and Unit No. 2 shall not be in operation during the compliance testing of Unit No. 1, but when testing in the ductwork between CS001 and the scrubber tower inlet, Unit No. 1 may operate during the compliance testing of Unit No. 2 and Unit No. 2 may operate during the compliance testing of Unit No. 1."

I certify that the alternative sampling locations meet all of the requirements of the EPA reference test methods.

TEC appreciates the opportunity to provide this input and if you have any further questions or need additional clarification, please do not hesitate to call Shannon Todd or me at (813) 641-5125.

Sincerely,

Gregory M. Nelson, P.E., License No. 44078
Director
Environmental Affairs

PUBLIC NOTICE OF INTENT TO ISSUE TITLE V AIR OPERATION PERMITS IN STATE OF FLORIDA

The Department of Environmental Protection (permitting authority) gives notice of its intent to issue Title V air operation permits to Tampa Electric Company for the Big Bend Station located at Big Bend Road North, Hillsborough County, Florida for the F. J. Gardner Station located at Parkside Road, Tampa Hillsborough County. This notice is for two separate Title V permits. These permits incorporate the Phase I/II NOx standards into the Title V Acid Rain Part pursuant to Rule 62-214.340(6), Florida Administrative Code (F.A.C.). The applicant's name and address are: Tampa Electric Company, P.O. Box 111, Tampa, Florida 33661-0111. The permitting authority will issue the Title V Proposed Permit and subsequent Title V Final Permit in accordance with the conditions of the Title V Revised Draft Permit unless a response is received in accordance with the following procedures results in a different decision or significant change of terms or conditions. The permitting authority will accept written comments concerning the proposed Title V Revised Draft Permit for a period of 20 (twenty) days from the date of publication of this Notice. Written comments should be provided to the Department's Bureau of Air Regulation, 2600 Blair Stone Road, Mail Station #3503, Tallahassee, Florida 32399-2400. Please identify the permit number which concerns you are submitting written comments on. Any pertinent comments filed shall be made available for public inspection. If written comments received result in significant changes to these Revised Draft Permits, the permitting authority shall issue another Revised Draft Permit and public notice. (a) A statement of how and when the petitioner received notice of the agency action or proposed action; (b) A statement of all disputed issues of material fact if there are none, the petitioner must so state; (c) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief; (d) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action; and (e) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the agency to

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.557 and 120.57 of the Florida Statutes (F.S.). The petition must contain the information set forth in this notice and must be filed with the Department of Environmental Protection... (b) The name, address and telephone number of the petitioner's home address and telephone number of the petitioner's business address, if any, during the proceeding; (c) A statement of how and when the petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact if there are none, the petitioner must so state; (e) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the agency to

which the petitioner's action is based; she that no such disclosure rule and otherwise obtain the same information set forth above, as required by Rule 29-104.301, F.A.C. Because the administrative hearing process is designed to provide final agency action, the petitioner should not expect to receive a final decision on the date of the hearing. A final decision will be issued if such final decision is not issued by the final authority on the date above. The petitioner has the right to become a party proceeding in accordance with the requirements set forth above. Mediation is not available for this proceeding. In addition to the provisions of 42 United States Code (U.S.C.) 51764(d)(2), any person petition the Administrator of the EPA within 45 (forty-five) days of the expiration of the Administrator's 45 (forty-five) day review period established at 42 U.S.C. 51764(k)(1), to object in writing to any permit. Action shall be based on objections to the permit raised with reasonable specificity during the 45 (forty-five) day public comment period provided in this notice. The Administrator of the EPA shall file such objections within the comment period unless the grounds for such objection arise off comment period. File a petition with the Administrator of the EPA does not affect the effective date of an permit properly issued pursuant to the provisions of 42-213, F.A.C. Petitions with the Administrator of the EPA must meet the requirements of 42 U.S.C. 51764(d)(2) and must be filed with the Administrator of the EPA at: U.S. EPA, 4 Street, S.W., Washington 20460. A complete project is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m. Monday through Friday, except legal holidays at the Permitting Authority of the Department of Environmental Protection, Bureau of Air Regulation, 111 South Magnolia Street, Tallahassee, Florida 32301. Telephone: 850/489-0114. Fax: 850/922-6979. Affected Local Program Environmental Protection Commission of Hillsborough County, 1410 North 21 Street, Tampa, Florida 33605. Telephone: 813/272-5530. Fax: 813/272-5605. The complete project includes the Revised Draft Permits, the application, the information submitted, the responsible official's disclosure of confidential information under Section 403.111, F.S. Interested persons may contact Scott M. Sheppard, P.E., at the above address, for

**Re: Tampa Electric Company (TEC)
Big Bend Station DRAFT Title V Permit Revisions**

Dear Ms. Phillips:

In an effort to minimize unscrubbed operation of Big Bend Units 1 and 2, Tampa Electric Company would like to perform compliance testing without deintegrating either unit from the scrubber system. In order to accomplish this, unscrubbed compliance testing must occur in the ductwork in a similar manner as is done when Unit 3 is tested.

To support this, TEC requests that the following language be added to Specific Condition A.12:

...."When testing in CS0W1 or when testing in CS001, Unit No. 1 shall not be in operation during the compliance testing of Unit No. 2, and Unit No. 2 shall not be in operation during the compliance testing of Unit No. 1, but when testing in the ductwork between CS001 and the scrubber tower inlet, Unit No. 1 may operate during the compliance testing of Unit No. 2 and Unit No. 2 may operate during the compliance testing of Unit No. 1."

The enclosed diagram defines the locations of the proposed alternative sampling locations.

Ms. Cindy L. Phillips, P.E.
