Title V Revision Application/ Minor Title V Modification
FDEP File Nos. 0570039-012-AC, 0570039-010-AV

Dear Mr. Sheplak:

Please find enclosed four signed and sealed copies of Tampa Electric Company's (TEC) Big Bend Station completed Title V Permit Revision Application requesting that the current Title V Final Permit No. 0570039-010-AV be modified. This modification will allow TEC to continue the combustion of Polk coal residual currently governed by FINAL Permit No. 0570039-012-AC.

Also included in Appendix B of the permit application is a Nitrogen Oxides (NO_x) Corrective Action Plan for Big Bend Station Unit 3 and attached is a strike through version of Big Bend's current Title V in Appendix C, indicating several minor formatting and typographical corrections.

If you have any questions, please call Dru Latchman or me at (813) 641-5034.

Sincerely,

Laura R. Crouch
