Thanks for the update, looks like we'll give them their permit then indeed. Please cc me on the issuance or at least let me know when it was issued. In the meantime, I'll write up a closure memo for this case.

Morning Al,

Just checking in on the status of this permit, OGC did not receive another request for extension or petition in this matter and their extension was up Jan 3rd. Can you give me an update? Did we issue the permit?

Thanks,

Ronni

I don't expect them to ask for another extension.

I think we will just issue the final permit as soon as the present one runs out.

Tom. Let's discuss status on this one.

Thanks.

Hi,

This is just a reminder that the facility's extension of time will expire in one week on Jan 3.

Do you think that they will file for another extension?

Please wait a few days until we find out if they have published the notice.

We went to some effort to re-issue the draft for CO BACT and I had good reason to expect that the Notice would be published promptly.

Thanks.

Re: Tampa Electric Company - Big Bend Station
DEP File No. 0570039-027-AC
Carbon Monoxide (CO) Emission Limit - Big Bend Unit 4
Intent to Issue Air Construction Permit

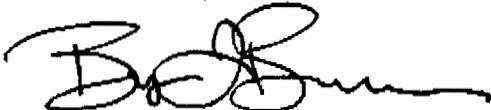

Dear Ms. Crandall:

By letter dated November 16, 2007, and received by Tampa Electric Company on November 19, 2007, the Florida Department of Environmental Protection (FDEP) announced its intent to issue an air construction permit for a Carbon Monoxide (CO) Emission Limit at Big Bend Station located in Hillsborough County, Florida. Tampa Electric Company has had an opportunity to review the intent to issue the construction permit along with the proposed conditions and have some issues that we believe need to be resolved prior to finalization of the permit document.

To accommodate discussions with staff of the FDEP on these issues, we request that the time for Tampa Electric Company to petition for a formal administrative hearing be extended by an additional 45 days from the deadline set forth in the Intent to Issue Air Construction Permit pursuant to Rule 62-110.106(4), Florida Administrative Code. Tampa Electric Company believes that this time will be sufficient to amicably resolve the issues without the necessity of pursuing a formal administrative hearing.

Thank you for your consideration of this request. If you have any questions or comments, please contact Sharon Good or me at (813) 228-1282.

Sincerely,

Byron T. Burrows, P.E.
