Dear Mr. Koerner:

On November 3, 2011, Tampa Electric Company (TEC) submitted an air permit application No. 3094-1 through the Electronic Permit Submittal and Processing System (EPSAP). The application currently requests concurrent processing of the Air Construction Permit and Revised Title V Air Operation Permit. TEC requests the processing status be revised from "Concurrent Processing - Air Construction Permit and Revised Title V Air Operation Permit" to "Air Construction Permit" and subsequent removal of the processing time waiver requirements pursuant to Rule 62-213.405. TEC will submit another application to revise the Title V Air Operation Permit within 180 days following startup.

Please contact me at (813) 228-4232 or Byron Burrows at (813) 228-1282, if you have any questions or comments.
