My Commission Expires Aug. 7, 1983.

The Florida Department of Environmental Regulation (DER) has received an application for a permit to construct/convert Gannon Station Units 1 through 4 from oil to coal as the fuel of combustion, a source of air pollution, at Port Sutton Road, Tampa, Florida.

This application has been submitted by Tampa Electric Company pursuant to Chapter 17-2, Florida Administrative Code, of the Department's rules regarding the control of emissions which may affect the maintenance of National Ambient Air Quality Standards. PSD & BACT not required.

Copies of the aforementioned application, the technical analysis performed by the DER staff and their proposed decision are available for public inspection at the following location(s):

7601 Highway 301 North
Tampa, Florida 33610

Persons wishing to comment on any aspect of this action are required to submit their comments in writing to the address above within thirty (30) days of publication of this Notice.
