Final Determination

The Technical Evaluation and Preliminary Determination for the permits to construct a potassium fluoborate product preparation plant (File No. AC 29-167251) and a rotary kiln/fluid bed reactor research and development facility (File No. AC 29-166885) at Consolidated Minerals, Inc. phosphate feed preparation plant near Plant City, Hillsborough County, Florida, was distributed on August 30, 1989. The Notice of Proposed Agency Action was published in The Tampa Tribune on September 22, 1989. Copies of the evaluation were available for public inspection at the Environmental Protection Commission of Hillsborough County's office in Tampa and the Department's offices in Tampa and Tallahassee.

In a letter dated September 1, 1989, the applicant requested the proposed hours of operation of the potassium fluoborate product preparation plant be increased. The Bureau approved this request prior to the Notice of Proposed Agency Action being published.

The final action of the Department will be to issue the construction permits as proposed in the Technical Evaluation and Preliminary Determination with the change mentioned above.

4. DER letter dated September 15, 1989.

PERMITTEE:
Consolidated Minerals, Inc.

Permit Number: AC 29-167251
Expiration Date: June 1, 1990

GENERAL CONDITIONS:

1. The terms, conditions, requirements, limitations, and restrictions set forth in this permit are "Permit Conditions" and are binding and enforceable pursuant to Sections 403.161, 403.727, or 403.859 through 403.861, Florida Statutes. The permittee is placed on notice that the Department will review this permit periodically and may initiate enforcement action for any violation of these conditions.

2. This permit is valid only for the specific processes and operations applied for and indicated in the approved drawings or exhibits. Any unauthorized deviation from the approved drawings, exhibits, specifications, or conditions of this permit may constitute grounds for revocation and enforcement action by the Department.

3. As provided in Subsections 403.087(6) and 403.722(5), Florida Statutes, the issuance of this permit does not convey any vested rights or any exclusive privileges. Neither does it authorize any injury to public or private property or any invasion of personal rights, nor any infringement of federal, state or local laws or regulations. This permit is not a waiver of or approval of any other Department permit that may be required for other aspects of the total project which are not addressed in the permit.

4. This permit conveys no title to land or water, does not constitute State recognition or acknowledgement of title, and does not constitute authority for the use of submerged lands unless herein provided and the necessary title or leasehold interests have been obtained from the State. Only the Trustees of the Internal Improvement Trust Fund may express State opinion as to title.

5. This permit does not relieve the permittee from liability for harm or injury to human health or welfare, animal, or plant life, or property caused by the construction or operation of this permitted source, or from penalties therefore; nor does it allow the permittee to cause pollution in contravention of Florida Statutes and Department rules, unless specifically authorized by an order from the Department.

PERMITTEE:
Consolidated Minerals, Inc.

Permit Number: AC 29-167251
Expiration Date: June 1, 1990

GENERAL CONDITIONS:

6. The permittee shall properly operate and maintain the facility and systems of treatment and control (and related appurtenances) that are installed or used by the permittee to achieve compliance with the conditions of this permit, as required by Department rules. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to achieve compliance with the conditions of the permit and when required by Department rules.

7. The permittee, by accepting this permit, specifically agrees to allow authorized Department personnel, upon presentation of credentials or other documents as may be required by law and at a reasonable time, access to the premises, where the permitted activity is located or conducted to:

- a. Have access to and copy any records that must be kept under the conditions of the permit;
- b. Inspect the facility, equipment, practices, or operations regulated or required under this permit; and
- c. Sample or monitor any substances or parameters at any location reasonably necessary to assure compliance with this permit or Department rules.

Reasonable time may depend on the nature of the concern being investigated.

8. If, for any reason, the permittee does not comply with or will be unable to comply with any condition or limitation specified in this permit, the permittee shall immediately provide the Department with the following information:

- a. a description of and cause of non-compliance; and
- b. the period of noncompliance, including dates and times; or, if not corrected, the anticipated time the non-compliance is expected to continue, and steps being taken to reduce, eliminate, and prevent recurrence of the non-compliance.

PERMITTEE:
Consolidated Minerals, Inc.

Permit Number: AC 29-167251
Expiration Date: June 1, 1990

GENERAL CONDITIONS:

The permittee shall be responsible for any and all damages which may result and may be subject to enforcement action by the Department for penalties or for revocation of this permit.

9. In accepting this permit, the permittee understands and agrees that all records, notes, monitoring data and other information relating to the construction or operation of this permitted source which are submitted to the Department may be used by the Department as evidence in any enforcement case involving the permitted source arising under the Florida Statutes or Department rules, except where such use is proscribed by Sections 403.73 and 403.111, Florida Statutes. Such evidence shall only be used to the extent it is consistent with the Florida Rules of Civil Procedure and appropriate evidentiary rules.

10. The permittee agrees to comply with changes in Department rules and Florida Statutes after a reasonable time for compliance, provided, however, the permittee does not waive any other rights granted by Florida Statutes or Department rules.

11. This permit is transferable only upon Department approval in accordance with Florida Administrative Code Rules 17-4.120 and 17-30.300, F.A.C., as applicable. The permittee shall be liable for any non-compliance of the permitted activity until the transfer is approved by the Department.

12. This permit or a copy thereof shall be kept at the work site of the permitted activity.

13. The permittee shall comply with the following:

a. Upon request, the permittee shall furnish all records and plans required under Department rules. During enforcement actions, the retention period for all records will be extended automatically unless otherwise stipulated by the Department.

b. The permittee shall hold at the facility or other location designated by this permit records of all monitoring information (including all calibration and maintenance records and all original strip chart recordings for continuous monitoring instrumentation) required by the permit, copies of all reports required by this permit, and records of all data used to complete the application for this permit. These materials shall be retained at least three years from the date of the sample, measurement, report, or application unless otherwise specified by Department rule.

PERMITTEE:
Consolidated Minerals, Inc.

Permit Number: AC 29-167251
Expiration Date: June 1, 1990

GENERAL CONDITIONS:

c. Records of monitoring information shall include:

- the date, exact place, and time of sampling or measurements;
- the person responsible for performing the sampling or measurements;
- the dates analyses were performed;
- the person responsible for performing the analyses;
- the analytical techniques or methods used; and
- the results of such analyses.

14. When requested by the Department, the permittee shall within a reasonable time furnish any information required by law which is needed to determine compliance with the permit. If the permittee becomes aware that relevant facts were not submitted or were incorrect in the permit application or in any report to the Department, such facts or information shall be corrected promptly.

SPECIFIC CONDITIONS:

1. Production of the potassium fluoborate product preparation plant shall not exceed 2,500 lbs/hr.
2. Operation of this plant shall not exceed 24 hrs/day, 7 days/week, and 52 weeks/year but not more than 4,000 hours in any 12 month period. The permittee shall maintain a log to show compliance with the condition.
3. Only natural gas shall be used as fuel in this dryer. Heat input shall not exceed 0.4 MMBtu/hr (approximately 400 CFH natural gas).
5. Particulate matter emissions from this plant shall not exceed 0.03 grains/dscf and 0.46 lbs/hr (0.9 TPY).
6. Visible emissions from any part of this plant shall not exceed 5% opacity.
7. Compliance with the emission standards in Specific Conditions Nos. 5 and 6 shall be determined by EPA Methods Nos. 5 and 9 described in 40 CFR 60, Appendix A (July 1, 1988) while the plant is operating at its permitted capacity. The method 5 test will be waived if visible emissions are less than 5% opacity.
8. The Environmental Protection Commission of Hillsborough County shall be notified at least 15 days prior to any compliance test.

PERMITTEE:
Consolidated Minerals, Inc.

Permit Number: AC 29-167251
Expiration Date: June 1, 1990

SPECIFIC CONDITIONS:

9. The permittee shall use reasonable precautions to minimize unconfined emissions from this plant. These precautions shall include keeping covers on the process equipment openings, sheltering exposed potassium fluoborate from the wind, cleaning up spills promptly, and wetting the area if needed to minimize unconfined emissions.

10. The permittee, for good cause, may request that this construction permit be extended. Such a request shall be submitted to the Bureau of Air Regulation prior to 60 days before the expiration of the permit (F.A.C. 17-4.090).

11. An application for an operation permit must be submitted to the Environmental Protection Commission of Hillsborough County office at least 90 days prior to the expiration date of this construction permit or within 45 days after completion of compliance testing, whichever occurs first. To properly apply for an operation permit, the applicant shall submit the appropriate application form, fee, certification that construction was completed noting any deviations from the conditions in the construction permit, and compliance test reports as required by this permit (F.A.C. 17-4.220).

Attached for your approval and signature are two construction permits prepared by the Bureau of Air Regulation for the above mentioned company to construct a potassium fluoborate product preparation plant and a rotary kiln/fluid bed reactor research and development facility at their Plant City, Hillsborough County, Florida, phosphate feed plant.

The Bureau approved the applicant's request that operation time of the potassium fluoborate product preparation plant be increased prior to the Notice of the Proposed Agency Action being published. No comments were received during the public notice period.

Day 90, after which these permits will be issued by default, is December 2, 1989.

I recommend your approval and signature.
