Lawton Chiles, Governor

Virginia B. Wetherell, Secretary

April 19, 1993

CERTIFIED MAIL - RETURN RECEIPT REQUESTED

Mr. E. O. Morris  
Environmental Manager  
Cargill Fertilizer, Inc.  
8813 Highway 41 South  
Riverview, Florida 33569

Dear Mr. Morris:

Re: Amendment of Permit No. AC29-186726

The Department is in receipt of Mr. Dave Jellerson's March 15, 1993, letter requesting that the referenced permit be extended to allow additional time to complete construction on the fume scrubber used to control emissions from the new phosphoric acid filter system serving the No. 3 Prayon and the No. 4 Dorrco phosphoric acid reactors at your plant located near Riverview, Hillsborough County, Florida. This request is acceptable and the expiration date of permit No. AC29-186726 is extended from June 30, 1993, to November 1, 1993.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 2600 Blair Stone Road, Tallahassee, Florida 32399-2400. Petitions filed by the permit applicant and the parties listed below must be filed within 14 days of receipt of this amendment. Petitions filed by other persons must be filed within 14 days of receipt of this amendment. Petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under Section 120.57, Florida Statutes.

The Petition shall contain the following information:

- (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Department Permit File Number and the county in which the project is proposed;

Mr. E. O. Morris  
Cargill Fertilizer, Inc.  
Page 2

- (b) A statement of how and when each petitioner received notice of the Department's action or proposed action;
- (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action;
- (d) A statement of the material facts disputed by Petitioner, if any;
- (e) A statement of facts which petitioner contends warrant reversal or modification of the Department's action or proposed action;
- (f) A statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; and
- (g) A statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the Department's action or proposed action.

If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this amendment. Persons whose substantial interests will be affected by any decision of the Department with regard to the application have the right to petition to become a party to the proceeding. The petition must conform to the requirements specified above and be filed (received) within 14 days of receipt of this amendment in the Office of General Counsel at the above address of the Department. Failure to petition within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, F.S., and to participate as a party to this proceeding. Any subsequent intervention will only be at the approval of the presiding officer upon motion filed pursuant to Rule 28-5.207, F.A.C.

A copy of this letter shall be filed with the referenced permit and will become a part of that permit.

Sincerely,

Howard L. Rhodes  
Director  
Division of Air Resources  
Management

DATE: April 19, 1993  
SUBJ: Amendment of Permit  
Cargill Fertilizer, Inc.

Attached for your approval and signature is a letter that will extend the expiration date of a construction permit that authorized the addition of a filter and scrubber system to Cargill's phosphoric acid plant. This plant is located near Riverview, Hillsborough County, Florida. The additional time is needed to complete work on the scrubber system.

I recommend your approval and signature.

SUBJECT: CARGILL FERTILIZER, INC. PHOSPHORIC ACID PLANT - THIRD  
FILTER WITH SCRUBBER  
PERMIT NO. AC 29-186726

Dear Sirs:

Cargill Fertilizer, Inc. is requesting that the construction permit number AC 29-186726 be extended for 90 days. This additional time would allow for work of Phase II on the phosphoric acid scrubber system to be completed. This work encompasses the connection of several tank evacuation lines to the new scrubber installed on the #3 filter in Phase I. The extra time would also allow for compliance testing to be performed on the filter scrubber system once it has been completed and for report generation. The emissions testing that has been performed during construction has met permit limits. Enclosed please find a check(#138900) for \$50 which is for the permit extension fee.

If you have any questions, or require any additional information, please contact me.

Sincerely,

Dave Jellerson, P.E.  
Environmental Supervisor
