Final Determination  
Ward Industries, Inc.  
AC 29-091317

The Technical Evaluation and Preliminary Determination for the proposed conveyor belt transfer point dust collector at Ward Industries, Inc., (formerly AMAX Chemical Corporation) Plant City, Hillsborough County, Florida facility was distributed on February 4, 1985. Copies of the evaluation were available for public inspection at the local and district offices in Tampa and the bureau's office in Tallahassee. The Notice of Proposed Agency Action on the permit application was published in The Tampa Tribune on February 22, 1985.

No comments on the department's intent to issue the permit were received. We have been notified that this plant has been sold to Ward Industries, Inc. The final action of the department will be to issue the permit to construct in the name of the new owner, as proposed in the Technical Evaluation and Preliminary Determination.

**Project:** Conveyor Belt Transfer Point  
Dust Collector (SSD-25)

This permit is issued under the provisions of Chapter 403, Florida Statutes, and Florida Administrative Code Rule(s) 17-2 and 17-4. The above named permittee is hereby authorized to perform the work or operate the facility shown on the application and approved drawing(s), plans, and other documents attached hereto or on file with the department and made a part hereof and specifically described as follows:

For the construction of a DCE Vokes Model DLM-V7 dust collector, or equivalent baghouse, at the transfer point of the east-west and north-south covered CDP product conveyor belts.

The UTM coordinates of the site are zone 17, 393.8 km East and 3096.3 km North

Construction shall be in accordance with the application for a permit to construct a conveyor belt transfer point dust collector (SSD-25) signed by Mr. J.J. Lewis on August 6, 1984, and the information supplied by Mr. George Townsend in a letter dated December 18, 1984, except for the changes listed in the specific conditions of this permit.

Attachments are as follows:

1. Application, dated August 6, 1984.
2. Letter, dated December 18, 1984.

PERMITTEE:  
Ward Industries, Inc.

Permit Number: AC29-091317  
Expiration Date: November 1, 1985

**GENERAL CONDITIONS:**

1. The terms, conditions, requirements, limitations, and restrictions set forth herein are "Permit Conditions" and as such are binding upon the permittee and enforceable pursuant to the authority of Sections 403.161, 403.727, or 403.859 through 403.861, Florida Statutes. The permittee is hereby placed on notice that the department will review this permit periodically and may initiate enforcement action for any violation of the "Permit Conditions" by the permittee, its agents, employees, servants or representatives.
2. This permit is valid only for the specific processes and operations applied for and indicated in the approved drawings or exhibits. Any unauthorized deviation from the approved drawings, exhibits, specifications, or conditions of this permit may constitute grounds for revocation and enforcement action by the department.
3. As provided in Subsections 403.087(6) and 403.722(5), Florida Statutes, the issuance of this permit does not convey any vested rights or any exclusive privileges. Nor does it authorize any injury to public or private property or any invasion of personal rights, nor any infringement of federal, state or local laws or regulations. This permit does not constitute a waiver of or approval of any other department permit that may be required for other aspects of the total project which are not addressed in the permit.
4. This permit conveys no title to land or water, does not constitute state recognition or acknowledgement of title, and does not constitute authority for the use of submerged lands unless herein provided and the necessary title or leasehold interests have been obtained from the state. Only the Trustees of the Internal Improvement Trust Fund may express state opinion as to title.
5. This permit does not relieve the permittee from liability for harm or injury to human health or welfare, animal, plant or aquatic life or property and penalties therefore caused by the construction or operation of this permitted source, nor does it allow the permittee to cause pollution in contravention of Florida Statutes and department rules, unless specifically authorized by an order from the department.

PERMITTEE:  
Ward Industries, Inc.

Permit Number: AC29-091317  
Expiration Date: November 1, 1985

**GENERAL CONDITIONS:**

6. The permittee shall at all times properly operate and maintain the facility and systems of treatment and control (and related appurtenances) that are installed or used by the permittee to achieve compliance with the conditions of this permit, as required by department rules. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to achieve compliance with the conditions of the permit and when required by department rules.

7. The permittee, by accepting this permit, specifically agrees to allow authorized department personnel, upon presentation of credentials or other documents as may be required by law, access to the premises, at reasonable times, where the permitted activity is located or conducted for the purpose of:

- a. Having access to and copying any records that must be kept under the conditions of the permit;
- b. Inspecting the facility, equipment, practices, or operations regulated or required under this permit; and
- c. Sampling or monitoring any substances or parameters at any location reasonably necessary to assure compliance with this permit or department rules.

Reasonable time may depend on the nature of the concern being investigated.

8. If, for any reason, the permittee does not comply with or will be unable to comply with any condition or limitation specified in this permit, the permittee shall immediately notify and provide the department with the following information:

- a. a description of and cause of non-compliance; and
- b. the period of noncompliance, including exact dates and times; or, if not corrected, the anticipated time the noncompliance is expected to continue, and steps being taken to reduce, eliminate, and prevent recurrence of the noncompliance.

PERMITTEE:  
Ward Industries, Inc.

Permit Number: AC29-091317  
Expiration Date: November 1, 1985

**GENERAL CONDITIONS:**

The permittee shall be responsible for any and all damages which may result and may be subject to enforcement action by the department for penalties or revocation of this permit.

9. In accepting this permit, the permittee understands and agrees that all records, notes, monitoring data and other information relating to the construction or operation of this permitted source, which are submitted to the department, may be used by the department as evidence in any enforcement case arising under the Florida Statutes or department rules, except where such use is proscribed by Sections 403.73 and 403.111, Florida Statutes.

10. The permittee agrees to comply with changes in department rules and Florida Statutes after a reasonable time for compliance, provided however, the permittee does not waive any other rights granted by Florida Statutes or department rules.

11. This permit is transferable only upon department approval in accordance with Florida Administrative Code Rules 17-4.12 and 17-30.30, as applicable. The permittee shall be liable for any non-compliance of the permitted activity until the transfer is approved by the department.

12. This permit is required to be kept at the work site of the permitted activity during the entire period of construction or operation.

13. This permit also constitutes:

- ( ) Determination of Best Available Control Technology (BACT)
- ( ) Determination of Prevention of Significant Deterioration (PSD).
- ( ) Compliance with New Source Performance Standards.

14. The permittee shall comply with the following monitoring and record keeping requirements:

- a. Upon request, the permittee shall furnish all records and plans required under department rules. The retention period for all records will be extended automatically, unless otherwise stipulated by the department, during the course of any unresolved enforcement action.

PERMITTEE:  
Ward Industries, Inc.

Permit Number: AC29-091317  
Expiration Date: November 1, 1985

**GENERAL CONDITIONS:**

- b. The permittee shall retain at the facility or other location designated by this permit records of all monitoring information (including all calibration and maintenance records and all original strip chart recordings for continuous monitoring instrumentation), copies of all reports required by this permit, and records of all data used to complete the application for this permit. The time period of retention shall be at least three years from the date of the sample, measurement, report or application unless otherwise specified by department rule.
- c. Records of monitoring information shall include:
- the date, exact place, and time of sampling or measurements;
  - the person responsible for performing the sampling or measurements;
  - the date(s) analyses were performed;
  - the person responsible for performing the analyses;
  - the analytical techniques or methods used; and
  - the results of such analyses.

15. When requested by the department, the permittee shall within a reasonable time furnish any information required by law which is needed to determine compliance with the permit. If the permittee becomes aware that relevant facts were not submitted or were incorrect in the permit application or in any report to the department, such facts or information shall be submitted or corrected promptly.

**SPECIFIC CONDITIONS:**

1. Not more than 40 TPH of CDP material shall be transferred by the east-west and north-south belt conveyors without prior approval of the Southwest District office.
2. The conveyor belts shall not operate more than 16 hours per day without prior approval of the Southwest District office.
3. Particulate matter emissions from the dust collector at the transfer point shall not exceed 0.02 grains per dry standard cubic foot as determined by EPA reference method No. 5, which is described in 40 CFR 60, Appendix A. If visible emissions from the dust collector are less than 5 percent opacity, the district may waive this compliance test.

PERMITTEE:  
Ward Industries, Inc.

Permit Number: AC29-091317  
Expiration Date: November 1, 1985

**SPECIFIC CONDITIONS:**

4. Visible emissions from any part of this system shall not exceed 5 percent opacity, 6 minute average, as determined by EPA reference Method No. 9, described in 40 CFR 60, Appendix A.
5. The transfer system shall not be operated unless all the covers are on the belt conveyors and an adequate amount of dedusting agent is being added to keep the visible emissions from exceeding 5 percent opacity.
6. The applicant shall submit a complete application for a permit to operate the conveyor belt transfer point dust collector (SSD-25), which will include an emission test report, to the Hillsborough County Environmental Protection Commission at least 90 days prior to the expiration date of this construction permit. The company may continue to operate this material transfer system if the emissions are in compliance with the permit conditions.
7. Upon obtaining a permit to operate, the company will be required to submit annual operation reports to the Hillsborough County Environmental Protection Commission.

Issued this 4<sup>th</sup> day of April,  
1985.
