NOTICE OF PROPOSED AGENCY ACTION
The Department of Environmental Regulation gives notice of its intent to issue a permit to AMAX Phosphate, Inc. to install an air pollution control device (scrubber) at their existing phosphate plant near Plant City in Hillsborough County, Florida. The new scrubber will supplement an existing scrubber in their phosphate feed preparation unit and emit up to 24.8 TPY of particulate matter. A BACT/LAER determination was not required. No other criteria pollutants will be emitted by the new scrubber. Total permitted emissions from the facility will not be increased and actual emissions from the unconfined particulate matter equipment in the facility will decrease by an unspecified amount. Emissions from the new scrubber will not have a significant impact on the ambient air quality of Hillsborough County.
A person who is substantially affected by the Department's proposed permitting decision may request a hearing in accordance with Section 120.57, Florida Statutes, and Chapter 17-1 and 29-5, Florida Administrative Code. The request for hearing must be filed (received) in the Office of General Counsel of the Department at 2600 Blair Stone Road, Twin Towers Office Building, Tallahassee, Florida 32301, within (14) days of publication of this notice. Failure to file a request for hearing within this time period shall constitute a waiver of any right such person may have to request a hearing under Section 120.57, Florida Statutes.
The application is available for public inspection during normal business hours, 8:00 am to 5:00 pm, Monday through Friday, except legal holidays at:
