Final Determination

AMAX Phosphate, Inc.
Hillsborough County, Florida

Construction Permit
Application Number AC 29-52245

Florida Department of Environmental Regulation
Bureau of Air Quality Management
Central Air Permitting
April 28, 1982

AMAX Phosphate, Inc.

AMAX Phosphate, Inc.'s construction permit application of its 7500 CFM bag collector at their existing plant in Plant City, Florida has been reviewed by the Bureau of Air Quality Management. Public Notice of the Department's Intent to Issue was published in the Tampa Tribune on March 25, 1982. Copies of the preliminary determination were available for public inspection at the Southwest District Office, and the Bureau of Air Quality Management.

There were no letters of response as a result of the public notice period.

The final action of the Department will be to issue the permit as noticed in the public review process.

PERMIT/CERTIFICATION
NO. AC 29-52245

COUNTY: Hillsborough

PROJECT:
7500 CFM
Dry dust Collector

This permit is issued under the provisions of Chapter 403, Florida Statutes, and Chapter 17-2 and 17-4, Florida Administrative Code. The above named applicant, hereinafter called Permittee, is hereby authorized to perform the work or operate the facility shown on the approved drawing(s), plans, documents, and specifications attached hereto and made a part hereof and specifically described as follows:

For the construction of a 7500 CFM dry dust collector (baghouse) at AMAX Phosphate, Inc. located at Coronet Road in Plant City, Florida. The UTM coordinates are 393.8 Km East and 3096.3 Km North respectively.

Construction shall be in accordance with the attached permit application and plans, documents, and drawings except as otherwise noted on page 3 - "Specific Conditions".

Attachment:

1. Application to Construct Air Pollution Sources, DER Form 17-1.122(16)

PERMIT NO.: AC 29-52245
APPLICANT: AMAX Phosphate, Inc.

GENERAL CONDITIONS:

1. The terms, conditions, requirements, limitations, and restrictions set forth herein are "Permit Conditions", and as such are binding upon the permittee and enforceable pursuant to the authority of Section 403.161(1), Florida Statutes. Permittee is hereby placed on notice that the department will review this permit periodically and may initiate court action for any violation of the "Permit Conditions" by the permittee, its agents, employees, servants or representatives.

2. This permit is valid only for the specific processes and operations indicated in the attached drawings or exhibits. Any unauthorized deviation from the approved drawings, exhibits, specifications, or conditions of this permit shall constitute grounds for revocation and enforcement action by the department.

3. If, for any reason, the permittee does not comply with or will be unable to comply with any condition or limitation specified in this permit, the permittee shall immediately notify and provide the department with the following information: (a) a description of and cause of non-compliance; and (b) the period of non-compliance, including exact dates and times; or, if not corrected, the anticipated time the non-compliance is expected to continue, and steps being taken to reduce, eliminate, and prevent recurrence of the non-compliance. The permittee shall be responsible for any and all damages which may result and may be subject to enforcement action by the department for penalties or revocation of this permit.

4. As provided in subsection 403.087(6), Florida Statutes, the issuance of this permit does not convey any vested rights or any exclusive privileges. Nor does it authorize any injury to public or private property or any invasion of personal rights, nor any infringement of federal, state or local laws or regulations.

5. This permit is required to be posted in a conspicuous location at the work site or source during the entire period of construction or operation.

6. In accepting this permit, the permittee understands and agrees that all records, notes, monitoring data and other information relating to the construction or operation of this permitted source, which are submitted to the department, may be used by the department as evidence in any enforcement case arising under the Florida Statutes or department rules, except where such use is proscribed by Section 403.111, F.S.

7. In the case of an operation permit, permittee agrees to comply with changes in department rules and Florida Statutes after a reasonable time for compliance, provided, however, the permittee does not waive any other rights granted by Florida Statutes or department rules.

8. This permit does not relieve the permittee from liability for harm or injury to human health or welfare, animal, plant, or aquatic life or property and penalties therefore caused by the construction or operation of this permitted source, nor does it allow the permittee to cause pollution in contravention of Florida Statutes and department rules, except where specifically authorized by an order from the department granting a variance or exception from department rules or state statutes.

9. This permit is not transferable. Upon sale or legal transfer of the property or facility covered by this permit, the permittee shall notify the department within thirty (30) days. The new owner must apply for a permit transfer within thirty (30) days. The permittee shall be liable for any non-compliance of the permitted source until the transferee applies for and receives a transfer of permit.

10. The permittee, by acceptance of this permit, specifically agrees to allow access to permitted source at reasonable times by department personnel presenting credentials for the purposes of inspection and testing to determine compliance with this permit and department rules.

11. This permit does not indicate a waiver of or approval of any other department permit that may be required for other aspects of the total project.

12. This permit conveys no title to land or water, nor constitutes state recognition or acknowledgement of title, and does not constitute authority for the reclamation of submerged lands unless herein provided and the necessary title or leasehold interests have been obtained from the state. Only the Trustees of the Internal Improvement Trust Fund may express state opinion as to title.

13. This permit also constitutes:

- Determination of Best Available Control Technology (BACT)
- Determination of Prevention of Significant Deterioration (PSD)
- Certification of Compliance with State Water Quality Standards (Section 401, PL 92-500)

PERMIT NO.: AC 29-52245
APPLICANT: AMAX Phosphate, Inc.

SPECIFIC CONDITIONS:

1. Construction should reasonably conform to the plans submitted in the application.
2. The unit shall be allowed to operate continuously (8736 hours per year).
3. Before this construction permit expires, the unit will be tested for visible emission. Visible emissions as described in Chapter 17-2.700, DER method 9, shall not exceed 5% opacity during any 6 minutes period.

The Department will be notified 30 days in advance of the compliance test. The test will be conducted at 90 to 100% capacity.

4. Reasonable precautions to prevent fugitive particulate emissions during construction such as coating or spraying roads and construction sites used by contractors will be taken by the applicant.
5. The applicant shall report any delays in construction and completion of this unit to the Department's Southwest District Office.
6. The applicant will demonstrate compliance with the conditions of the construction permit, and submit a complete application for an operating permit to the Department's Southwest District Office prior to 90 days of the expiration date of the construction permit. The applicant may continue to operate in compliance with all terms of the construction permit until its expiration date or issuance of an operating permit.
7. Upon obtaining an operating permit, the applicant will be required to submit periodic test reports on the actual operation and emissions of the facility.
8. This permit replaces part of operating permit NO AO 29-6318. The applicant shall return this operating permit to the Southwest District office within three (3) months of start-up of the new unit.
9. The source shall comply with the provisions and requirements of the attached general conditions.
