Re: Section 112(j) Notification
Title V Permit No. 0570249-011-AV

Dear Mrs. Phillips:

Enclosed is a CAA §112(j) notification for Alcoa Extrusions, Inc. in Plant City, Florida ("Alcoa" or "Facility"). This application is being submitted because certain emission units at the facility may be affected sources under a category for which EPA has not yet promulgated MACT standards. It is Alcoa's understanding that the previous 112(j) rule is to be adopted in its entirety by the Florida Department of Environmental Protection and incorporated by reference. Therefore, Alcoa has not submitted a Part 2 MACT application at this time.

If you have any questions or require additional information, please feel free to contact me at 570-385-8516.

Sincerely,

Andrew Lafferty
Environmental Engineer
Alcoa Extrusions, Inc.

Attachment

cc: Doug Neeley - U.S. Environmental Protection Agency, Region III - w/attachment (including original signature)

Alain G. Watson - Environmental Protection Commission of Hillsborough County - w/attachment

Initial Notification of Part 1 Title V Application

National Emission Standards for Hazardous Air Pollutants (NESHAPs), 40 CFR Part 63

Affected Sources Subject to Section 112(j) Provisions (40 CFR 63.50 through 63.56)

SOURCE IDENTIFICATION	
1. Facility Name	Alcoa Extrusions, Inc.
2. Plant Name	Plant City Operation
3. Facility ID No. TV Permit No.	0570249-011-AV
PHYSICAL LOCATION	
4. Street Address	1650 Alumax Circle
5. City	Plant City
6. County	Hillsborough
7. State	FL
8. Zip Code	33567
MAILING ADDRESS (if different than physical location)	
9. Address	**SAME**
10. City	11. County
12. State	13. Zip Code

APPLICABILITY DETERMINATION	
<p>14. Is your facility a major source of hazardous air pollutants (HAP)? If not, you need not to complete the rest of this form.</p> <p>A major source is any contiguous area under common control that emits or has the potential to emit considering controls, in the aggregate, at least 10 tons per year of any single HAP or 25 tons per year total HAPs.</p>	<p><input checked="" type="checkbox"/> Yes</p> <p><input type="checkbox"/> No</p>
<p>15. Do you own or operate an affected source in a source category for which EPA has not promulgated standards under 40 CFR Part 63? If so, which one(s)? <u>Industrial/Commercial/Institutional Boilers & Process Heaters; Miscellaneous Metal Parts</u></p> <p>If not, you need not complete the rest of this form. (See Table of Promulgated/Proposed/Upcoming Regulations at www.epa.gov/ttn/atw/eparules.html to determine if your standard has not been promulgated.)</p>	<p><input checked="" type="checkbox"/> Yes</p> <p><input type="checkbox"/> No</p>

BUREAU OF AIR REGULATION

16. Provide a brief description of the major source and its activities:

The facility produces aluminum extrusions utilizing a variety of different operations and combustion units. Some of these units *may* be affected sources under the Industrial/Commercial/Institutional Boilers & Process Heaters source category for which EPA has not yet promulgated a MACT standard. In addition, the facility utilizes two independent paint line operations for the painting and coating of certain extrusion products. Some of these units *may* be affected sources under the Miscellaneous Metal Parts source category.

17. Provide a brief description of the affected source(s) in the relevant source category(ies):

The facility currently utilizes an indirect heating system in Zone 1 of the Vertical Paint Line preheating process, which may be impacted by the Industrial/Commercial/Institutional Boilers & Process Heaters source category.

Both the Horizontal and Vertical Paint Lines (Emission Unit ID #'s 010 & 011) may be impacted by the Miscellaneous Metal Parts source category.

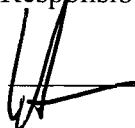

18. Identify any source(s) for which a Section 112(g) MACT determination has been made:

None

CERTIFICATION AND SIGNATURE OF RESPONSIBLE OFFICIAL

19. I certify that the information contained in this application to be accurate and true to the best of my knowledge:

Responsible Official:

Signature

Operations Manager
Title

William L. Gardner
Printed Name of Signatory

5-10-02
Date

A Responsible Official can be:

- The president, vice president, secretary, or treasurer of a corporation that owns the facility or a duly authorized representative that is responsible for the overall operation of the facility.
- An owner of the facility.
- A principal executive officer if the federal, state, city or county government owns the facility.
- A ranking military officer if the facility is located at a military base.
- A general partner of a partnership that owns the facility.

Re: 112(j) Notification Information Submittal

Dear Mr. Lafferty:

Thank you for submitting the referenced information in your letter dated May 9, 2002. Your information submittal appears to meet our current 112(j) requirements.

Please be aware that, although your letter refers to this information submittal as an "application," the Department does not recognize your submittal as a state permit application and has no plans to process it as such.

No further 112(j) information is needed from you at this time.

If you have any questions, please call me at 850/921-9534.

Sincerely,

Cindy L. Phillips, P.E.
Bureau of Air Regulation
