Subject: Proof of Publication
Draft PSD Permit Revision Wet Dust Collection System
Hillsborough County Resource Recovery Facility
Project No. 0570261-010-AC (PSD-FL-369B)

Dear Mr. Koerner:

The letter is to notify the Florida Department of the Environment Protection the public notice to issue the air permit was published in the Tampa Tribune on September 2, 2009. Please find enclosed the proof of publication demonstrating compliance with Section 403.815, F.S. and Rules 62-110.106 and 62-210.350, F.A.C.

Please contact Robert Velasco at (813) 281-2900, if you have any questions.

Sincerely,

William R. Crellin, P.E.
Project Manager
Camp Dresser & McKee Inc.

CDM File

Facility Location: The existing Hillsborough County Resource Recovery Facility is located in Hillsborough County at 350 North Falkenburg Road in Tampa, Florida.

Project: Covanta Hillsborough, Inc. operates the existing Hillsborough County Resource Recovery Facility, which is located in Hillsborough County at 350 North Falkenburg Road in Tampa, Florida. This project authorizes the installation of a new wet dust collection system for the new expansion of the ash handling building (EU-100). The new wet scrubber will control particulate matter in the ventilation exhaust from the ash building. The project is considered a minor modification to existing air construction permits No. PSD-EI-369A which authorized construction of the new Unit 4 municipal waste combustor. Based on the expected emissions, the new wet dust collection system will not trigger preconstruction review for the Prevention of Significant Deterioration (PSD) of Air Quality pursuant to Rule 62-212.400, Florida Administrative Code (F.A.C.).

Permitting Authority: Applications for air construction permits are subject to review in accordance with the provisions of Chapter 403, Florida Statutes, and Chapters 62-4, 62-210 and 62-212, F.A.C. The proposed project is not exempt from air permitting requirements and an air permit is required to perform the proposed work. The Permitting Authority responsible for making a permit determination for this project is the Bureau of Air Regulation in the Department of Environmental Protection, Division of Air Resource Management. The Permitting Authority's physical address is 111 South Magnolia Drive, Suite 204, Tallahassee, Florida. The Permitting Authority's mailing address is 2600 Blair Stone Road, M.C. #505, Tallahassee, Florida 32399-2400. The Permitting Authority's telephone number is 850/488-0111.

Project File: A complete project file is available for public inspection during the normal business hours of 8:00 a.m. to 5:00 p.m. Monday through Friday (except legal holidays) at the physical address indicated above for the Permitting Authority. The complete project file includes the Draft Permit, the Technical Evaluation and Preliminary Determination, the application and information submitted by the applicant (exclusive of confidential records under Section 403.111, F.S.). Interested persons may contact the Permitting Authority's project engineer for additional information at the address and phone number listed above. In addition, electronic copies of these documents are available on the following web site: <http://www.dep.state.fl.us/air/emission/apps/permits.htm>

Notice of Intent to Issue Air Permit: The Permitting Authority gives notice of its intent to issue an air construction permit to the applicant for the project described above. The applicant has provided reasonable assurance that operation of proposed equipment will not adversely impact air quality and that the project will comply with all appropriate provisions of Chapters 62-4, 62-204, 62-210, 62-212, 62-296 and 62-297, F.A.C. The Permitting Authority will issue a Final Permit in accordance with the conditions of the proposed Draft Permit unless a timely petition for an administrative hearing is filed under Sections 120.569 and 120.57, F.S. or unless public comment received in accordance with this notice results in a different decision or a significant change of terms or conditions.

Comments: The Permitting Authority will accept written comments concerning the proposed Draft Permit for a period of 14 days from the date of publication of this Public Notice. Written comments must be received by the Permitting Authority by close of business (5:00 p.m.) on or before the end of the 14-day period. If written comments received result in a significant change to the Draft Permit, the Permitting Authority shall revise the Draft Permit and require, if applicable, another Public Notice. All comments filed will be made available for public inspection.

Petitions: A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed with (received by) the Department's Agency Clerk in the Office of General Counsel of the Department of Environmental Protection at 3900 Commonwealth Boulevard, Mall, Station #35, Tallahassee, Florida 32399-3000 (Telephone: 850/245-2241). Petitions filed by any persons other than those entitled to written notice under Section 120.60(3), F.S. must be filed within 14 days of publication of this Public Notice or receipt of a written notice, whichever occurs first. Under Section 120.60(3), F.S., however, any person who asked the Permitting Authority for notice of agency action may file a petition within 14 days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S. or to intervene in this proceeding and participate
