Dear Cindy,

Pursuant to our telephone conversation held today, I am sending a revision to a letter sent to your office from us on April 16, 2002. The letter stated that we would no longer be a Title V producer and would seek small source status. After a review of calculations and new HAP regulations for styrene, we have been advised to keep our Title V status.

Thank you for your attention.

Any questions, please call.

Sincerely,

Edie L. Restall
Tampa Fiberglass
