Subject: Re: Premdor Corp. - 0571227

Cindy:

I don't think it's necessary to send Premdor a copy of your form letter. We haven't responded to their notification and don't intend to because they are a minor source. If they are planning an increase in emissions, their application for a permit modification will trigger communication regarding MACT applicability. Until then, we'll just note that this facility has units that are potentially subject, pending final language.

We received one other "notification" where the facility (Marathon Oil-570080), indicated they are not subject to 112(j). Since their letter stated they are not subject, I didn't fax you a copy. However, we are reviewing their claim and will let you know their status.

Re: 112 (j) Part I MACT Permit Application

EPC of HC
AIR MANAGEMENT

Dear Air Management (MACT):

This letter and the attached application constitute notification of the Part I MACT. This is to satisfy Premdor Corporation's obligation under the Clean Air Act Sections 112(g) and 112 (j) to submit Part I MACT permit application by 15 May 2002. Premdor Corporation expects that its operations will be subject to the anticipated subparts of 40 CFR Part 63.

Based upon information and belief I formed after reasonable inquiry, I certify that the statements and information provided in the attached application are true, accurate, and complete.

Please feel free to contact me at (256) 435-8701 if there are any questions about this matter.

Sincerely,

MASONITE INTERNATIONAL

Dr. Sonya Olbrantz, REM
Corporate Director
Environmental Management
