Re: Title V Air Operation Permit Renewal Application
Fort Myers Plant
Facility ID: 0710002; ORIS Code: 0612

Dear Mr. Reichel:

Thank you for your recent submission of a Title V Air Operation Permit Renewal Application for the referenced plant. Review of the document revealed that, at the time of submittal, certain required compliance tests had not been completed (as noted in Attachments PFMU1_5 and PFMU3_5 of your application). However, recent discussions with Kevin Washington of your Company indicated that the needed compliance with all specific conditions of the current Title V Permit has been achieved. Therefore, please provide us with an updated compliance certification to complete our files. Lacking this document, we must deem your renewal application incomplete.

When we receive this information we will continue processing your application. If you have any questions, please contact Tom Cascio at 850/921-9526.

Sincerely,

Scott M. Sheplak, P.E.

Fort Myers Plant

Dear Mr. Reichel:

Thank you for your recent submission of a Title V Air Operation Permit Renewal Application for the referenced plant. However, we must deem your application *incomplete*, due to the omission of an updated Phase II Acid Rain Part Application. Please be advised that Department Rule 62-214.320(1)(i) requires that, "the designated representative of any Title V source having a Title V permit with an Acid Rain Part shall submit a complete application for renewal of the Title V permit with the Acid Rain Part for each Acid Rain unit at the source."

Also, please check if there are any changes to the Designated Representative for the facility, and submit an updated Certificate of Representation if necessary.

When we receive this information we will continue processing your application. If you have any questions, please contact Tom Cascio at 850/921-9526.

Sincerely,

Scott M. Sheplak, P.E.
