Re: Proof of Publication  
Public Notice of Intent to Issue Air Construction Permit  
Arvah B. Hopkins Generating Station  
Draft Permit No. 0730003-004-AC

Dear Sir / Madam:

Pursuant to Rule 62-110.106(5), F.A.C., please find enclosed proof of publication of the Public Notice of Intent to Issue Air Construction Permit (Public Notice) for the Arvah B. Hopkins Generating Station Draft Air Construction Permit No. 0730003-004-AC. The Public Notice was published in the legal advertisement section of the Tallahassee Democrat on April 24, 2004.

Please do not hesitate to contact me at (850) 891-8850, or John Powell, Environmental Engineer at (850) 891-8851, if you have any questions or require additional information.

Sincerely,

Jennette Curtis

Environmental Services Administrator

PUBLIC NOTICE OF INTENT TO ISSUE AIR CONSTRUCTION PERMIT  
STATE OF FLORIDA  
DEPARTMENT OF ENVIRONMENTAL PROTECTION  
DEP File No. 0730003-004-AC (PA 74-03)  
City of Tallahassee  
Arvah B. Hopkins Generating Station  
Leon County

The Department of Environmental Protection (Department) gives notice of its intent to issue an Air Construction Permit for Arvah B. Hopkins Generating Station, located west of Tallahassee, Leon County. The permit allows for the temporary installation of twenty-three Solar 60 Turbine-Generator sets, combusting exclusively natural gas. This is an existing facility, which currently combusts natural gas, distillate oil and residual fuel oil. A Determination of Best Available Control Technology (BACT) was not required. The applicant's mailing address is: 2602 Jackson Bluff Road, Tallahassee FL 32301.

The applicant has indicated that due to a failure of Purdom Unit 8, the City of Tallahassee may experience a shortage of generating capacity until that unit is returned to service. In order to alleviate that possibility, approval for the temporary installation of twenty-three turbine-generator sets (rated at approximately 5.5 megawatts each) is sought. Based upon the Department's review, reasonable assurance exists that no significant increases of regulated pollutants will occur by limiting the hours of operation of each turbine-generator set to 500 (i.e. 11,500 total operating hours between the 23 sets). A summary of the emission totals is included below:

Pollutant	PSD Threshold (TPY)	Emission Rate (lb/hr)	Hourly Emissions for 23 TG's (lbs)	Tons per hour for 23TG's	TPY at 500 Operating hours	PSD review Required?
NOx	40	5.84	134.32	0.0672	33.6	NO
CO	100	7.11	163.53	0.0818	40.9	NO
SO2	40	0.309	7.11	0.0035	1.75	NO
PM10	15	0.042	0.97	0.0005	0.25	NO
VOC	40	0.147	3.38	0.0017	0.85	NO

An air quality impact analysis was not required. The Department will issue the Final Permit with the attached conditions unless a response received in accordance with the following procedures results in a different decision or significant change of terms or conditions.

The Department will accept written comments concerning the proposed permit issuance action for a period of 14 (fourteen) days from the date of publication of this Public Notice of Intent to Issue Air Construction Permit. Written comments should be provided to the Department's Bureau of Air Regulation at 2600 Blair Stone Road, Mail Station #5505, Tallahassee, FL 32399-2400. Any written comments filed shall be made available for public inspection. If written comments received result in a significant change in the proposed agency action, the Department shall revise the proposed permit and require, if applicable, another Public Notice.

The Department will issue the permit with the attached conditions unless a timely petition for an administrative hearing is filed pursuant to sections 120.569 and 120.57 F.S., before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below. Mediation is not available in this proceeding.

A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative proceeding (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida, 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. Under section 120.60(3), however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of that notice, regardless of the date of publication. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner, the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests will be affected by the agency determination; (c) A statement of how and when petitioner received notice of the agency action or proposed action; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action; and (g) A statement of the relief sought by the petitioner, stating precisely the action petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts upon which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by rule 28-106.301

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

A complete project file is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at:

Florida Department of  
Environmental Protection  
Bureau of Air Regulation  
111 S. Magnolia Drive, Suite 4  
Tallahassee, Florida, 32301  
Telephone: (850) 488-1344  
Fax: (850) 922-6979

Florida Department of  
Environmental Protection  
Northwest District  
160 Governmental Center  
Pensacola, Florida 32501  
Telephone (850) 595-8300

The complete project file includes the application, Draft permit, and the information submitted by the Responsible Official, exclusive of confidential records under Section 403.111, F.S. Interested persons may review specific details of this project by contacting the Administrator, North Permitting Section, at 111 South Magnolia Drive, Suite 4, Tallahassee, Florida 32301, or call 850/488-0114, for additional information.
